Facility ID: 0812100432 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION

Part II - Special Terms and Conditions

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.

   (a) None.

2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.

   (a) None.

A. **Applicable Emissions Limitations and/or Control Requirements**

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

Operations, Property, and/or Equipment	Applicable Rules/Requirements	Applicable Emissions Limitations/Control Measures
P009 - Hand Wiping Process	OAC rule 3745-31-05(A)(3) PTI 08-2288	Organic compound (OC) emissions from this emissions unit shall not exceed 8 lbs/hr, 40 lbs/day and 5.20 tons per year (TPY).
	OAC rule 3745-21-07(G)(2)	The OC limit specified by this rule is equivalent to that specified by OAC rule 3745-31-05.

2. **Additional Terms and Conditions**

   (a) The 8 lbs/hr OC emissions limit was established to reflect potential to emit for this emissions unit. Therefore, it is not necessary to develop record keeping and/or reporting requirements to ensure compliance with this limit.

B. **Operational Restrictions**

1. None

C. **Monitoring and/or Record Keeping Requirements**

1. The permittee shall collect and record the following information for each month for the hand wiping operation:

   a. The company identification for each organic compound-containing material employed.

   b. The number of gallons of each organic compound-containing material employed.

   c. The organic compound content of each organic compound-containing material, in pounds per gallon.

   d. The total controlled organic compound emission rate for all organic compound-containing materials, in pounds per day.

   e. The total number of days the emissions unit was in operation.

   f. The average daily organic compound emission rate for all organic compound-containing materials, i.e., (d)/(e), in pounds per day (average).

D. **Reporting Requirements**

1. The permittee shall submit deviation (excursion) reports which include an identification of each day during which the average daily organic compound emissions from organic compound-containing materials exceeded 40 pounds per day, and the actual average daily organic compound emissions for each such day.

E. **Testing Requirements**

1. Compliance with the allowable emission limitations in Section A.1 of these terms and conditions shall be determined in accordance with the following methods:

   a. Emission Limitation:
   8 lbs/hr OC

   Applicable Compliance Method:
   Compliance is based on the maximum hourly usage rate of the organic compound-containing material and the density of the organic compound-containing material.

b. Emission Limitation:
40 lbs/hr OC

Applicable Compliance Method:
Compliance shall be based upon the record keeping requirements specified in Section C.1.

c. Emission Limitation:
5.20 TPY OC

Applicable Compliance Method:
Compliance shall be determined by summing the monthly emissions, in pounds as specified in Section C.1., for the calendar year and dividing this sum by 2000 lbs/ton.

F. **Miscellaneous Requirements**

1. None
