CANTON OHIO 44707

of a permit to operate:

SLUDGE INCINERATOR WITH WET-PLATE SCRUBBER
ENVIROTECH #1

The following terms and conditions are hereby expressly incorporated into this permit to operate:

Condition 1

The above described air contaminant source is now operating, and over the period covered by the permit will be operated, in full compliance with all applicable state and federal laws and regulations.

Condition 2

Prior to any physical change in, or change in the method of operation of, this air contaminant source which increases the amount of any air pollutant emitted, or results in the emission of any air pollutant not previously emitted, a permit to install must be granted by the Ohio Environmental Protection Agency (See Chapter 3745-31 of the Ohio Administrative Code).

Condition 3

The Director of the Ohio Environmental Protection Agency, or his authorized representative, may enter upon the premises of the source operation at any reasonable time and subject to safety requirements of the person in control of the premises for the purpose of making inspections, conducting tests, examining records or reports pertaining to any emission of air contaminants and determining compliance with all applicable State and Federal air pollution laws and regulations and the terms and conditions of this permit.

Condition 4 (This condition applicable if checked: ☐)

Upon declaration of an Air Pollution Alert, Warning or Emergency Episode this air contaminant source will follow those emission reduction procedures enumerated in the Emergency Action Plan approved by the Director for this source.

Condition 5

This permit to operate shall be effective until 03/21/88. You will be contacted approximately six months prior to this date regarding the renewal of this permit. If you are not contacted, please write to this agency.

Condition 6

A permit fee in the amount specified above must be remitted within fifteen (15) days of the effective date of this permit.

Condition 7

Any transferee of this permit shall, personally, assume the responsibilities of the original permit holder-transferor. The Ohio EPA must be notified in writing of any transfer of this permit.

Condition 8 (This condition is applicable if checked: ☒)

This permit is subject to the supplementary conditions attached.

SPECIAL TERMS AND CONDITIONS

1. Applicable Rules:

(A) For sources which are not fugitive dust sources:

The following rules of the Ohio Administrative Code establish the applicable emission limitations and/or control requirements for this source:

O.A.C. 3745-17-07

O.A.C. 3745-17-09

(This condition in no way limits the applicability of other requirements of the Ohio Administrative Code to this source.)

2. Allowable mass emission limitation(s) and/or control requirements:

(A) For sources which are not fugitive dust sources:

The mass emissions from this source shall not exceed the following:

0.10 pound of particulate emissions per 100 pounds of refuse charged.

3. Air pollution control equipment maintenance/malfunctions/reporting:

This source and its associated air pollution control system(s) shall be maintained regularly in accordance with good engineering practices and the recommendations of the respective manufacturers in order to minimize air contaminant emissions.

Any malfunction of this source or its associated air pollution control system(s) shall be reported immediately to the Canton City Health Department, Air Pollution Control Division in accordance with OAC rule 3745-15-06.

(CONTINUED)

Except as provided by OAC rule 3745-15-06, any scheduled maintenance or malfunction necessitating the shutdown or bypassing of the air pollution control equipment shall be accompanied by the shutdown of this source.

4. Identification of the Ohio EPA Field Office Which Must Receive Reports, Test Results, Notification, etc:

Unless otherwise specified, all reports, test results, notifications, etc. required by the above terms and conditions shall be submitted to or made to the following Ohio EPA field office: Air Pollution Control Division, Canton City Health Department, 218 Cleveland Ave., S.W., City Hall Building, Canton, Ohio 44702, (216) 489-3385.

5. National Emission Standards for Hazardous Air Pollutants

This source will comply with all applicable standards contained in the National Emission Standards For Hazardous Air Pollutants as promulgated in 40 C.F.R. Part 61. In addition, the Water Pollution Control Center shall monitor for mercury emissions at least once per year using either Method 101 or Method 105 as described in 40 CFR, Part 61, Subpart E and Appendix B. Test results shall be submitted to the Canton Air Pollution Control Division within 30 days after the test is performed.
