Facility ID: 0121010196 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION

Part II - Special Terms and Conditions

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.

   (a) None.

2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.

   (a) None.

A. **Applicable Emissions Limitations and/or Control Requirements**

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

Operations, Property, and/or Equipment	Applicable Rules/Requirements	Applicable Emissions Limitations/Control Measures
Header System #10	OAC 3745-31-05 See F.1	Emissions of organic compounds (OC) from the emissions unit shall not exceed 8.0 lbs/hr, 40 lbs/day, and 7.3 tons/yr
	OAC 3745-21-07(G)(2)	same as above limits

2. **Additional Terms and Conditions**

   (a) None

B. **Operational Restrictions**

1. None

C. **Monitoring and/or Record Keeping Requirements**

1. The permittee shall collect and record the following information for each month for the emissions unit:

   a. The company identification for each lubricant employed;

   b. The number of gallons of each lubricant employed during the month;

   c. The OC content of each lubricant, based on manufacturer's formulation data or USEPA method 24, in lbs/gallon;

   d. The OC emissions for each lubricant, i.e., (b)x(c), in lbs;

   e. The total OC emissions for all lubricants, i.e., the sum of all emissions calculated for (d), in lbs;

   f. The total number of hours the emissions unit was in operation during the month;

   g. The total number of calendar days the emissions unit was in operation during the month;

   h. The average hourly OC emission rate for all lubricants, i.e., (e)/(f), in lbs/hr (average);

   i. The average daily OC emission rate for all lubricants, i.e., (e)/(g), in lbs/day (average).

2. These records shall be retained in a log at the facility for a period of not less than 3 years and shall be made available to the Director or any authorized representative of the Director for review upon request.

D. **Reporting Requirements**

1. The permittee shall submit deviation (excursion) reports which include the following information:

   a. An identification of each month during which the average hourly OC emissions exceeded 8.0 pounds per hour, and the actual average hourly OC emissions for each such month.

   b. An identification of each month during which the average daily OC emissions exceeded 40 pounds per day, and the actual average daily OC emissions for each such month.

   Such reports shall be submitted to Ohio EPA Central District Office within 30 days after the deviation (excursion) occurs, and shall state the reason for the exceedence and describe the steps taken to resolve the

violation.

2. The permittee shall also submit annual reports which specify the total OC emissions from this emissions unit for the previous calendar year. These reports shall be submitted by February 15 of each year.

E. **Testing Requirements**

1. Compliance with the emission limitations in Section A.I of these terms and conditions shall be determined in accordance with the following methods:
Emission Limitation -
8.0 lbs OC/hr

Applicable Compliance Method -
Compliance shall be based upon the record keeping specified in section C.1.h.
Emission Limitation -
40 lbs OC/day

Applicable Compliance Method -
Compliance shall be based upon the record keeping specified in section C.1.i.
Emission Limitation -
7.3 tons/year OC

Applicable Compliance Method -
Compliance shall be based upon the record keeping specified in section C.1 and shall be calculated as the sum of the monthly organic compound emissions (C.1.e) for the year.

F. **Miscellaneous Requirements**

1. The following terms and conditions shall supersede all the requirements contained in permit to install 01-6078 issued for this emission unit on March 13, 1996: Sections A, B, C, D, E, F.
