Facility ID: 0607130189 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION

Part II - Special Terms and Conditions

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.

   (a) None.

2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.

   (a) None.

A. **Applicable Emissions Limitations and/or Control Requirements**

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

Operations, Property, and/or Equipment	Applicable Rules/Requirements	Applicable Emissions Limitations/Control Measures
Unpaved Road and Parking Lot	OAC rule 3745-17-07(B)(5)	There shall be no particulate emissions from any unpaved roadway or parking area except for a period of time not to exceed 13-minutes during any 60-minute observation period.
	OAC rule 3745-17-08(B)(2)	Reasonably available control measures for fugitive dust shall be employed (See A.2.a).

2. **Additional Terms and Conditions**

   (a) The permittee shall not use waste oil as a dust suppressant without prior Ohio EPA authorization.

B. **Operational Restrictions**

1. The permittee shall apply dust suppressants to the unpaved roadway(s) and parking area(s) to minimize or eliminate, at all times, visible emissions of fugitive dust generated by vehicular traffic. Asphaltic emulsion shall be used as the dust suppressant, and the following equipment shall be used for the periodic applications: spreader bar. The dust suppressant shall be applied to the unpaved surfaces as needed to comply with section A.1. This term and condition shall be waived during wet conditions when there is sufficient moisture to prevent visible emissions of fugitive dust.

2. Any material carried off of the permittee's property and deposited onto public streets by vehicular traffic or by erosion by water, etc., shall be promptly removed and disposed of properly to minimize or prevent resuspension.

C. **Monitoring and/or Record Keeping Requirements**

1. The permittee shall maintain records which include the following information for the unpaved road(s) and parking area(s):

   a. The date the dust suppressant was applied to the unpaved surfaces;

   b. The name of the dust suppressant that was applied;

   c. The amount of dust suppressant applied, in gallons; and

   d. The portions of the unpaved surfaces that were treated with the dust suppressant.

D. **Reporting Requirements**

1. The permittee shall submit annual reports to the appropriate Ohio EPA District Office or local air agency which summarize the information recorded pursuant to the record keeping requirement. The reports shall be submitted within 15 days of the end of each calendar year.

E. **Testing Requirements**

1. Emission Limitation -
   There shall be no visible particulate emissions from any unpaved roadway or parking area except for a period not to exceed 13-minutes during any 60-minute observation period.

   Applicable Compliance Method -
   Compliance shall be determined in accordance with OAC rule 3745-17-03(B)(4) using the procedures specified in 40 CFR Part 60, Appendix A, method 22.

F. **Miscellaneous Requirements**

1. None
