Facility ID: 0238000065 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION

Part II - Special Terms and Conditions

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.

   (a) None.

2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.

   (a) None.

A. **Applicable Emissions Limitations and/or Control Requirements**

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

Operations, Property, and/or Equipment	Applicable Rules/Requirements	Applicable Emissions Limitations/Control Measures
Binks, 30x16x16 spray booth equipped with two, airless spray guns for coating metal dump bodies.	OAC rule 3745-31-05(A)(3) PTI 02-2356	3.5 pounds of VOC per gallon of coating, excluding water and exempt solvents.
	OAC rule 3745-21-09(U)(1)	Same as the pounds of VOC per gallon of coating requirements established pursuant to OAC rule 3745-31-05(A)(3).

2. **Additional Terms and Conditions**

   (a) None

B. **Operational Restrictions**

1. The permittee shall operate the dry filters whenever this emissions unit is in operation.

C. **Monitoring and/or Record Keeping Requirements**

1. The permittee shall collect and record the following information monthly:

   a. The name and identification of each coating.

   b. The VOC content of each coating, in pounds per gallon excluding water and exempt solvents.

D. **Reporting Requirements**

1. The permittee shall submit quarterly deviation (excursion) reports which include the following information:

   a. An identification of each month during which the VOC content of any coating employed exceeded 3.5 pounds VOC per gallon, excluding water and exempt solvents.

   b. The actual VOC content of each such coating employed.

   c. The measures taken to correct any future deviation.

2. All deviation (excursion) reports shall be submitted in accordance with Section 3.b of the General Terms and Conditions.

E. **Testing Requirements**

1. Compliance with the emission limitations in Section A.1 of these terms and conditions shall be determined in accordance with the following methods:
   Emission Limitation:
   3.5 pounds VOC per gallon of coating, excluding water and exempt solvents.

   Applicable Compliance Method:
   Formulation data or USEPA Method 24 shall be used to determine the organic compound contents of the coatings.

F. **Miscellaneous Requirements**

1. None
