Re: Modification to Permit to Install No. 01-6323
Union County

Honda of America Mfg., Inc.
24000 Honda Parkway
Marysville, OH 43040

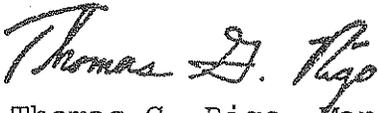

Attention: Todd Hormann

You are hereby notified that the Ohio Environmental Protection Agency has made a recommendation that the Director issue a modification of a Permit to Install for the source(s) shown on the enclosed draft modification. The purpose of this draft is to solicit public comments on the proposed modification. A public notice concerning the draft modification will appear in the Ohio EPA Weekly Review and the newspaper in the county where the source(s) are located. Comments from the public and any affected parties will be accepted by the field office within 30 days of the date of publication in the newspaper.

A modification of the Permit to Install may be issued in proposed or final form based on the draft action, any written public comments received within 30 days of the public notice, or record of a public meeting if one is held. You will be notified in writing of a scheduled public meeting.

If you have any questions about this draft modification, please contact Michael E. Hopkins at (614) 644-2280.

Very truly yours,

Thomas G. Rigo, Manager

Permit to Install Terms and Conditions

Issuance Date:
Effective Date:

OHIO ENVIRONMENTAL PROTECTION AGENCY

MODIFICATION TO PERMIT TO INSTALL

Name of Applicant: Honda of America Mfg., Inc.
Address: 24000 Honda Parkway
City: Marysville, OH 43040
Telephone Number: (937)642-5000

The Ohio EPA has received a request for a modification for the Ohio EPA Permit to Install referenced above.

The Permit to Install issued to Honda of America Mfg., Inc., Permit to Install 01-6323 is modified in the following manner:

Terms and Conditions on pages 4, 5 and 6 of Permit to Install issued on January 29, 1997.

The reason for the modification is: to modify the permit allowable mass emissions for P223 in the Air Emission Summary on Page 4 and Additional Special Terms and Conditions Numbers 1, 2 and 3 on Pages 5 and 6 of PTI Number 01-6323, issued January 29, 1997, due to EBR Case Number 803760.

The above named entity is hereby granted a modification to the permit to install described above pursuant to Chapter 3745-31 of the Ohio Administrative Code. Issuance of this modification does not constitute expressed or implied approval or agreement that, if constructed or modified in accordance with the plans included in the application, the above described source(s) of environmental pollutants will operate in compliance with applicable State and Federal laws and regulations, and does not constitute expressed or implied assurance that if constructed or modified in accordance with those plans included in the application, the above described source(s) of pollutants will be granted the necessary operating permits.

TODD HORMANN
24000 HONDA PARKWAY
MARYSVILLE, OH 43040

Enclosed please find an Ohio EPA Permit to Install which will allow you to install the described source(s) in a manner indicated in the permit. Because this permit contains several conditions and restrictions I urge you to read it carefully.

The Ohio EPA is urging companies to investigate pollution prevention and energy conservation. Not only will this reduce pollution and energy consumption, but it can also save you money. If you would like to learn ways you can save money while protecting the environment, please contact our Office of Pollution Prevention at (614) 644-3469.

You are hereby notified that this action by the Director is final and may be appealed to the Ohio Environmental Board of Review pursuant to Chapter 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the Environmental Board of Review within thirty (30) days after notice of the Director's action. A copy of the appeal must be served on the Director of the Ohio Environmental Protection Agency within three (3) days of filing with the Board. An appeal may be filed with the Environmental Board of Review at the following address:

Description of proposed source(s):
ASSEMBLY MISCELLANEOUS SOLVENTS.

Date of Issuance: January 29, 1997

Effective Date: January 29, 1997

The above named entity is hereby granted a permit to install for the above described source(s) pursuant to Chapter 3745-31 of the Ohio Administrative Code. Issuance of this permit does not constitute expressed or implied approval or agreement that, if constructed or modified in accordance with the plans included in the application, the above described source(s) of environmental pollutants will operate in compliance with applicable State and Federal laws and regulations, and does not constitute expressed or implied assurance that if constructed or modified in accordance with those plans and specifications, the above described source(s) of pollutants will be granted the necessary permits to operate (air) or NPDES permits as applicable.

This permit is granted subject to the conditions attached hereto.

Ohio Environmental Protection Agency

Donald R. Schreyer

Director

TERMINATION OF PERMIT TO INSTALL

Substantial construction for installation must take place within 18 months of the effective date of this permit. This deadline may be extended by up to 12 months if application is made to the Director within a reasonable time before the termination date and the party shows good cause for any such extension.

NOTICE OF INSPECTION

The Director of the Ohio Environmental Protection Agency, or his authorized representatives, may enter upon the premises of the above-named applicant during construction and operation at any reasonable time for the purpose of making inspections, conducting tests, or to examine records or reports pertaining to the construction, modification or installation of the source(s) of environmental pollutants identified within this permit.

CONSTRUCTION OF NEW SOURCES

The proposed source(s) shall be constructed in strict accordance with the plans and application submitted for this permit to the Director of the Ohio Environmental Protection Agency. There may be no deviation from the approved plans without the express, written approval of the Agency. Any deviations from the approved plans or the above conditions may lead to such sanctions and penalties as provided under Ohio law. Approval of these plans does not constitute an assurance that the proposed facilities will operate in compliance with all Ohio laws and regulations. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed sources are inadequate or cannot meet applicable standards.

If the construction of the proposed source(s) has already begun or has been completed prior to the date the Director of the Environmental Protection Agency approves the permit application and plans, the approval does not constitute expressed or implied assurance that the proposed facility has been constructed in accordance with the approved plans. The action of beginning and/or completing construction prior to obtaining the Director's approval constitutes a violation of Ohio Administrative Code (OAC) Rule 3745-31-02. Furthermore, issuance of the Permit to Install does not constitute an assurance that the proposed source will operate in compliance with all Ohio laws and regulations. Approval of the plans in any case is not to be construed as an approval of the facility as constructed and/or completed. Moreover, issuance of the Permit to Install is not to be construed as a waiver of any rights that the Ohio Environmental Protection Agency (or other persons)

HONDA OF AMERICA MFG., INC.
Application No. 01-6323

may have against the applicant for starting construction prior to the effective date of the permit. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed facilities cannot meet applicable standards.

PERMIT TO INSTALL FEE

In accordance with Ohio Revised Code 3745.11, the specified Permit to Install fee must be remitted within 30 days of the effective date of this permit to install.

PUBLIC DISCLOSURE

The facility is hereby notified that this permit, and all agency records concerning the operation of this permitted source, are subject to public disclosure in accordance with OAC Rule 3745-49-03.

APPLICABILITY

This Permit to Install is applicable only to the contaminant sources identified. Separate application must be made to the Director for the installation or modification of any other contaminant sources.

BEST AVAILABLE TECHNOLOGY

As specified in OAC Rule 3745-31-05, all new sources must employ Best Available Technology (BAT). Compliance with the terms and conditions of this permit will fulfill this requirement.

PERMIT TO OPERATE APPLICATION

A Permit to Operate application must be submitted to the appropriate field office for each air contaminant source in this Permit to Install. In accordance with OAC Rule 3745-35-02, the application shall be filed no later than thirty days after commencement of operation.

SOURCE OPERATION AFTER COMPLETION OF CONSTRUCTION

This facility is permitted to operate each source described by this permit to install for a period of up to one year from the date the source commenced operation. This permission to operate is granted only if the facility complies with all requirements contained in this permit and all applicable air pollution laws and regulations.

AIR EMISSION SUMMARY

The air contaminant sources listed below comprise the Permit to Install for HONDA OF AMERICA MFG., INC. located in Union County. The sources listed below shall not exceed the emission limits/control requirements contained in the table. This condition in no way limits the applicability of any other state or federal regulations. Additionally, this condition does not limit the applicability of additional special terms and conditions of this permit.

REPORTING REQUIREMENTS

Unless otherwise specified, reports required by the Permit to Install need only be submitted to OEPA Central District Office - DAPC, 3232 Alum Creek Drive, P. O. Box 1049, Columbus, Ohio 43216-1049.

WASTE DISPOSAL

The owner/operator shall comply with any applicable state and federal requirements governing the storage, treatment, transport and disposal of any waste material generated by the operation of the sources.

MAINTENANCE OF EQUIPMENT

This source and its associated air pollution control system(s) shall be maintained regularly in accordance with good engineering practices and the recommendations of the respective manufacturers in order to minimize air contaminant emissions.

MALFUNCTION/ABATEMENT

In accordance with OAC RULE 3745-15-06, any malfunction of the source(s) or associated air pollution control system(s) shall be reported immediately to the OEPA Central District Office - DAPC, 3232 Alum Creek Drive, P. O. Box 1049, Columbus, Ohio 43216-1049.

Except as provided by OAC Rule 3745-15-06(A)(3), scheduled maintenance of air pollution control equipment that requires the shutdown or bypassing of air pollution control system(s) must be accompanied by the shutdown of the associated air pollution sources.

AIR POLLUTION NUISANCES PROHIBITED

The air contaminant source(s) identified in this permit may not cause a public nuisance in violation of OAC Rule 3745-15-07.

ADDITIONAL SPECIAL TERMS AND CONDITIONS

1. Restriction on miscellaneous solvents

Only non-photochemically reactive materials, as defined in OAC rule 3745-21-01(C)(5), or materials exempt under 3745-21-07(G)(9), can be applied to components in this source.

The total miscellaneous solvents used in assembly and the resulting emissions from their use, as covered in this permit, shall not exceed 1,480 gallons and no more than 4.9 tons of OC (organic compounds) per rolling 12-month period.

For the purpose of demonstrating compliance during the initial twelve months of operation covered by this permit, the rolling 12-month solvent usage (gallons/rolling twelve-months) and OC emissions shall be calculated based upon the actual solvent usage and OC emissions from this source initially including the twelve month period prior to issuance of this PTI and rolling with each passing month.

2. Recordkeeping Requirements

The permittee shall collect and record the following information from this source:

- A. the company identification for each solvent employed in this source;
- B. documentation on the content of each solvent employed to show that only non-photochemically reactive or exempt materials are applied;
- C. the rolling 12-month total of miscellaneous solvents used in this source, in gallons per 12-month period; and,
- D. the combined rolling 12-month total OC emitted from solvents employed in this source, in tons per 12-month period.

These documents and records, as well as, any supporting solvent analyses and computations, shall be retained at the facility for a period of not less than three years and shall be made available to the Director or any authorized representative of the Director for review upon verbal or written request.

3. Reporting Requirements

The permittee shall submit deviation (excursion) reports which include the following information if a photochemically reactive or non-exempt material is applied or a rolling 12-month limit is exceeded to components in this source:

- A. an identification of each day and the duration of time during which a photochemically reactive material was used;
- B. an identification of the photochemically reactive material used and it's composition; and
- C. an identification of the amount of photochemically reactive material used;
- D. an identification of any monthly record showing an exceedance of the 1,480 gallons of solvent per rolling 12-month limit; and,

HONDA OF AMERICA MFG., INC.
Application No. 01-6323
Page 7 of 7

E. an identification of any monthly record showing an exceedance of the emission limit of 4.9 tons of OC per rolling 12-months.

A written copy of such record shall be sent to the Ohio EPA, Central District Office within 45 days after the deviation has occurred.

4. Additional Term for Title V Facility

The term entitled "Permit to Operate Application" will be satisfied by adding this source, through an update, to the Title V application which has already been submitted.
