

AIR EMISSION SUMMARY

The air contaminant sources listed below comprise the Permit to Install for Blako Industries located in Wood County. The sources listed below shall not exceed the emission limits/ control requirements contained in the table. This condition in no way limits the applicability of any other state or federal regulations. Additionally, this condition does not limit the applicability of additional special terms and conditions of this permit.

<u>Ohio EPA Source No.</u>	<u>Source Identification/ Description</u>	<u>BAT Determination</u>	<u>Applicable Federal and OAC Rule</u>	<u>Permit Allowable Mass Emissions and/or Control & Usage Requirements</u>
P001	Polyethylene Film Treater Line #4	Compliance w/ terms and conditions in this permit	OAC 3745-31-05	0.71 lbs ozone/hr, 3.11 Tons ozone/yr
P002	Polyethylene Film Treater Line #10	Compliance w/ terms and conditions in this permit	OAC 3745-31-05	1.07 lbs ozone/hr, 4.67 Tons ozone/yr

SUMMARY

Total Permit to Install Allowable Emissions

<u>Pollutant</u>	<u>Tons/Year</u>
Ozone	7.78

Additional Special Terms and Conditions

General Information

Blako Industries is applying for a permit-to-install (PTI) for a new polyethylene film treating operation (Line #10) and an existing operation (Line #4, installed in 1990) to correct for permitting deficiencies. Five other treating operations at the facility qualify for the de-minimus exemption.

A. Applicable Emissions Limitations and/or Control Requirements

There are no additional emissions limitations and/or control requirements other than those listed in the Air Emissions Summary.

B. Operational Restrictions

None

C. Monitoring and/or Recordkeeping Requirements

None

D. Reporting Requirements

None

E. Testing Requirements and/or Compliance Methods Determinations

1. Emission Limitations

P001 - 0.71 lbs ozone/hr, 3.11 TPY

P002 - 1.07 lbs ozone/hr, 4.67 TPY

Applicable Compliance Method

These hourly and annual ozone limits are based on each emission unit's potential to emit (an emission factor of 0.071 lbs ozone/kWh is applied to the maximum kWh operating rate of the emissions unit). Therefore, no daily recordkeeping, deviation reporting, or compliance method calculations are required to demonstrate compliance with these limits.

Note: No term or condition specifying a method for demonstrating compliance with any emission limitation or other requirement of this permit shall preclude the use by any person of any credible evidence to establish compliance with or a violation of this permit, the Clean Air Act, or any implementing regulations or rules promulgated thereunder.

F. Miscellaneous Requirements

None
