Re: Permit to Install
Morrow County
Application No: 01-6602

CERTIFIED MAIL

June 25, 1997

AMERICAN LUMBER COMPANY
MARK BARTOE
PO BOX 227
IBERIA, OH 43325

RECEIVED

JUN 30 1997

OHIO EPA/CDD

Enclosed please find an Ohio EPA Permit to Install which will allow you to install the described source(s) in a manner indicated in the permit. Because this permit contains several conditions and restrictions I urge you to read it carefully.

The Ohio EPA is urging companies to investigate pollution prevention and energy conservation. Not only will this reduce pollution and energy consumption, but it can also save you money. If you would like to learn ways you can save money while protecting the environment, please contact our Office of Pollution Prevention at (614) 644-3469.

You are hereby notified that this action by the Director is final and may be appealed to the Ohio Environmental Board of Review pursuant to Chapter 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the Environmental Board of Review within thirty (30) days after notice of the Director's action. A copy of the appeal must be served on the Director of the Ohio Environmental Protection Agency within three (3) days of filing with the Board. An appeal may be filed with the Environmental Board of Review at the following address:

Environmental Board of Review
236 East Town Street, Room 300
Columbus, Ohio 43215

Very truly yours,

Thomas G. Rigo, Manager
Field Operations & Permit Section
Division of Air Pollution Control

cc: US EPA
CENTRAL DISTRICT OFFICE, DAPC

Permit to Install Terms and Conditions

Application No. 01-6602
APS Premise No. 0159000004
Permit Fee: \$600.00

Name of Facility: AMERICAN LUMBER COMPANY

Person to Contact: MARK BARTOE

Address: PO BOX 227
IBERIA, OH 43325

Location of proposed source(s): 3954 COUNTY ROAD 51
IBERIA, OHIO

Description of proposed source(s):
WOODWORKING OPERATIONS -ONE PLANER WITH CYCLONE AND ONE SAW
WITH CYCLONE AND ROADWAYS AND PARKING AREAS.

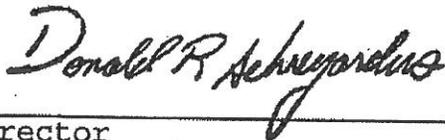

Date of Issuance: June 25, 1997

Effective Date: June 25, 1997

The above named entity is hereby granted a permit to install for the above described source(s) pursuant to Chapter 3745-31 of the Ohio Administrative Code. Issuance of this permit does not constitute expressed or implied approval or agreement that, if constructed or modified in accordance with the plans included in the application, the above described source(s) of environmental pollutants will operate in compliance with applicable State and Federal laws and regulations, and does not constitute expressed or implied assurance that if constructed or modified in accordance with those plans and specifications, the above described source(s) of pollutants will be granted the necessary permits to operate (air) or NPDES permits as applicable.

This permit is granted subject to the conditions attached hereto.

Ohio Environmental Protection Agency

Director

AMERICAN LUMBER COMPANY
Application No. 01-6602
Page 3 of 7
June 25, 1997

may have against the applicant for starting construction prior to the effective date of the permit. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed facilities cannot meet applicable standards.

PERMIT TO INSTALL FEE

In accordance with Ohio Revised Code 3745.11, the specified Permit to Install fee must be remitted within 30 days of the effective date of this permit to install.

PUBLIC DISCLOSURE

The facility is hereby notified that this permit, and all agency records concerning the operation of this permitted source, are subject to public disclosure in accordance with OAC Rule 3745-49-03.

APPLICABILITY

This Permit to Install is applicable only to the contaminant sources identified. Separate application must be made to the Director for the installation or modification of any other contaminant sources.

BEST AVAILABLE TECHNOLOGY

As specified in OAC Rule 3745-31-05, all new sources must employ Best Available Technology (BAT). Compliance with the terms and conditions of this permit will fulfill this requirement.

PERMIT TO OPERATE APPLICATION

A Permit to Operate application must be submitted to the appropriate field office for each air contaminant source in this Permit to Install. In accordance with OAC Rule 3745-35-02, the application shall be filed no later than thirty days after commencement of operation.

SOURCE OPERATION AFTER COMPLETION OF CONSTRUCTION

This facility is permitted to operate each source described by this permit to install for a period of up to one year from the date the source commenced operation. This permission to operate is granted only if the facility complies with all requirements contained in this permit and all applicable air pollution laws and regulations.

TERMINATION OF PERMIT TO INSTALL

Substantial construction for installation must take place within 18 months of the effective date of this permit. This deadline may be extended by up to 12 months if application is made to the Director within a reasonable time before the termination date and the party shows good cause for any such extension.

NOTICE OF INSPECTION

The Director of the Ohio Environmental Protection Agency, or his authorized representatives, may enter upon the premises of the above-named applicant during construction and operation at any reasonable time for the purpose of making inspections, conducting tests, or to examine records or reports pertaining to the construction, modification or installation of the source(s) of environmental pollutants identified within this permit.

CONSTRUCTION OF NEW SOURCES

The proposed source(s) shall be constructed in strict accordance with the plans and application submitted for this permit to the Director of the Ohio Environmental Protection Agency. There may be no deviation from the approved plans without the express, written approval of the Agency. Any deviations from the approved plans or the above conditions may lead to such sanctions and penalties as provided under Ohio law. Approval of these plans does not constitute an assurance that the proposed facilities will operate in compliance with all Ohio laws and regulations. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed sources are inadequate or cannot meet applicable standards.

If the construction of the proposed source(s) has already begun or has been completed prior to the date the Director of the Environmental Protection Agency approves the permit application and plans, the approval does not constitute expressed or implied assurance that the proposed facility has been constructed in accordance with the approved plans. The action of beginning and/or completing construction prior to obtaining the Director's approval constitutes a violation of Ohio Administrative Code (OAC) Rule 3745-31-02. Furthermore, issuance of the Permit to Install does not constitute an assurance that the proposed source will operate in compliance with all Ohio laws and regulations. Approval of the plans in any case is not to be construed as an approval of the facility as constructed and/or completed. Moreover, issuance of the Permit to Install is not to be construed as a waiver of any rights that the Ohio Environmental Protection Agency (or other persons)

Emission Factors, AP-42, Fifth Edition, Volume 1 (revised 12/03) for unpaved roadways. Should further updates in AP-42 occur, the most current equations for unpaved roads shall be used. These emission limits in the General Permit were based on a maximum of 120,000 vehicle miles traveled per year, and a 95 % control efficiency for PE and PM10.

c. Emission Limitation:

No visible PE from unpaved roadways and parking areas except for a period of time not to exceed 3 minutes during any 60-minute observation period.

Applicable Compliance Method:

If required, compliance with the visible PE limitation listed above shall be determined in accordance with Test Method 22 as set forth in "Appendix on Test Methods" in 40 CFR, Part 60 ("Standards of Performance for New Stationary Sources").

(2) **Miscellaneous Requirements**

- a. None.

AIR EMISSION SUMMARY

The air contaminant sources listed below comprise the Permit to Install for AMERICAN LUMBER COMPANY located in Morrow County. The sources listed below shall not exceed the emission limits/control requirements contained in the table. This condition in no way limits the applicability of any other state or federal regulations. Additionally, this condition does not limit the applicability of additional special terms and conditions of this permit.

<u>Ohio EPA Source Number</u>	<u>Source Identification Description</u>	<u>BAT Determination</u>	<u>Applicable Federal & OAC Rules</u>	<u>Permit Allowable Mass Emissions and/or Control/Usage Requirements</u>
P001	Straight line rip saw	Use of cyclone for dust control	3745-31-05 3745-17-11 3745-17-07	11.62 lbs PM/hr 1.4 tons PM/year

TOTAL PERMIT TO INSTALL ALLOWABLE EMISSIONS

<u>Pollutant</u>	<u>Tons/Year</u>
PM	19.53

RECORD(S) RETENTION AND AVAILABILITY

All records required by this Permit to Install shall be retained on file for a period of not less than three years unless otherwise indicated by Ohio Environmental Protection Agency. All records shall be made available to the Director, or any representative of the Director, for review during normal business hours.

REPORTING REQUIREMENTS

Unless otherwise specified, reports required by the Permit to Install need only be submitted to OEPA Central District Office - DAPC, 3232 Alum Creek Drive, Columbus, Ohio 43207-3417.

WASTE DISPOSAL

The owner/operator shall comply with any applicable state and federal requirements governing the storage, treatment, transport and disposal of any waste material generated by the operation of the sources.

MAINTENANCE OF EQUIPMENT

This source and its associated air pollution control system(s) shall be maintained regularly in accordance with good engineering practices and the recommendations of the respective manufacturers in order to minimize air contaminant emissions.

MALFUNCTION/ABATEMENT

In accordance with OAC RULE 3745-15-06, any malfunction of the source(s) or associated air pollution control system(s) shall be reported immediately to the OEPA Central District Office - DAPC, 3232 Alum Creek Drive, Columbus, Ohio 43207-3417.

Except as provided by OAC Rule 3745-15-06(A)(3), scheduled maintenance of air pollution control equipment that requires the shutdown or bypassing of air pollution control system(s) must be accompanied by the shutdown of the associated air pollution sources.

AIR POLLUTION NUISANCES PROHIBITED

The air contaminant source(s) identified in this permit may not cause a public nuisance in violation of OAC Rule 3745-15-07.

ADDITIONAL SPECIAL TERMS AND CONDITIONS

A. Sawing Operations

1. Sawing Operational Restrictions

- a. The maximum monthly operating hours for this emissions unit shall not exceed 250.

- b. The emissions of particulate matter from this emissions unit shall not exceed 1.4 tons per year, based upon a rolling, 12 month summation of the monthly emissions.
- c. Visible particulate emissions shall not exceed twenty percent opacity, as a six-minute average.

2. Sawing Record Keeping Requirement

- a. The permittee shall maintain monthly records showing the summation of the monthly operational hours. These records shall be maintained in the facilities files for a minimum period of three (3) years and shall be made available to the Director or any authorized representative of the Director for review during normal operating hours.

3. Sawing Reporting Requirements

- a. The permittee shall submit deviation (excursion) reports which identify all exceedances of the rolling, 12 month emission limitation for particulate matter and, for the first 12 calendar months of operation following the issuance of this permit, all exceedances of the maximum allowable cumulative emission levels.
- b. The permittee shall submit deviation (excursion) reports which identify all exceedances of the rolling, 12 month emission limitation for particulate matter.

B. Planing Operations

1. Planing Operational Restrictions

- a. The maximum monthly operating hours for this emissions unit shall not exceed 157.
- b. The emissions of particulate matter from this emissions unit shall not exceed 5.4 tons per year, based upon a rolling, 12 month summation of the monthly emissions.
- c. Visible particulate emissions shall not exceed twenty percent opacity, as a six-minute average.

2. Planing Record Keeping Requirement

- a. The permittee shall maintain monthly records showing the summation of the monthly operational hours. These records shall be maintained in the facilities files for a minimum period of three (3) years and shall be made available to the Director or any

authorized representative of the Director for review during normal operating hours.

3. Planing Reporting Requirements

- a. The permittee shall submit deviation (excursion) reports which identify all exceedances of the rolling, 12 month emission limitation for particulate matter and, for the first 12 calendar months of operation following the issuance of this permit, all exceedances of the maximum allowable cumulative emissions levels.
- b. The permittee shall submit deviation (excursion) reports which identify all exceedances of the rolling, 12 month emission limitation for particulate matter.

C. Roadways and Parking Areas

1. Visible Particulate Emission Limit from Unpaved Roadways and Parking Areas

- a. For the unpaved roadways and parking area, there shall be no visible particulate emissions except for a period of time not to exceed three minutes during any sixty-minute observation period.

2. Control Measures for Unpaved Road Segments and Parking Areas

- a. The permittee shall apply dust suppressants to the unpaved roadways and parking areas to minimize or eliminate, at all times, visible emissions of fugitive dust generated by vehicular traffic. The dust suppressant shall be applied to the unpaved surfaces, at a minimum, each spring. This term and condition shall be waived during wet conditions when there is sufficient moisture to prevent visible emissions of fugitive dust.
- b. Any material carried off of the permittee's property and deposited onto public streets by vehicular traffic or by erosion by water, etc., shall be promptly removed and disposed of properly to minimize or prevent resuspension.
- c. A maximum speed limit of five (5) miles per hour shall be posted and enforced on the property.
- d. Open bodied vehicles transporting materials likely to become airborne shall be covered at all times.
