

Ohio EPA

Re: Permit to Install
Washington County
Application No. 06-880

October 28, 1982

Price Inland Terminal Company
P. O. Box 599
McConnelsville, Ohio 43756

Attention: Jim Murphy

CERTIFIED MAIL

Dear Sir:

Enclosed please find an Ohio EPA Permit to Install which will allow you to install the described source(s) in a manner indicated in the permit. Because this permit contains several conditions and restrictions I urge you to read it carefully.

You are hereby notified that this action by the Director is final and may be appealed to the Environmental Board of Review pursuant to Chapter 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the Environmental Board of Review within thirty (30) days after notice of the Director's action. A copy of the appeal must be served on the Director of the Ohio Environmental Protection Agency and the Environmental Law Division of the Office of the Attorney General within three (3) days of filing with the Board. An appeal may be filed with the Environmental Board of Review at the following address:

Environmental Board of Review
250 East Town Street, Room 101
Columbus, Ohio 43215

Very truly yours,

Patricia P. Walling, Manager
Authorization & Compliance Section
Division of Air Pollution Control

SEDO, Div. of Industrial Wastewater

Permit to Install Terms and Conditions

Application No. 06-880

APS Premise No. 0684000145

Permit Fee: \$1,300.00

Name of Facility: Price Inland Terminal Company

Person to Contact: Jim Murphy

Address: P. O. Box 599
McConnelsville, Ohio 43756

Location of proposed source(s): Along Ohio River at mile point 189.2
State Road 618, Belpre, Washington
County, Ohio

Description of proposed source(s): Coal truck to barge transfer facility
and associated wastewater treatment facilities

Date of Issuance: October 28, 1982

Effective Date: October 28, 1982

The above named entity is hereby granted a permit to install for the above described source(s) pursuant to Chapter 3745-31 of the Ohio Administrative Code. Issuance of this permit does not constitute expressed or implied approval or agreement that, if constructed or modified in accordance with the plans included in the application, the above described source(s) of environmental pollutants will operate in compliance with applicable State and Federal laws and regulations, and does not constitute expressed or implied assurance that if constructed or modified in accordance with those plans and specifications, the above described source(s) of pollutants will be granted the necessary permits to operate (air) or NPDES permits as applicable.

This permit is granted subject to the conditions attached hereto.

Ohio Environmental Protection Agency

Director

April 28, 1982

Substantial construction for installation must take place within seven months of the effective date of this permit. This deadline may be extended by up to twelve months, if application is made to the Director no less than sixty days before the expiration of this permit and the party shows good cause for any such extension.

The Director of the Ohio Environmental Protection Agency, or his authorized representatives, may enter upon the premises of the named applicant during construction and operation at any reasonable time for the purpose of making inspections, conducting tests, examining records or reports pertaining to the construction, identification or installation of the above described source of environmental pollutants.

The proposed source shall be constructed in strict accordance with the plans and application submitted for this permit to the Director of the Ohio Environmental Protection Agency. There shall be no deviation from the approved plans without the express, written approval of the Agency. Any deviations from the approved plans or the above conditions may lead to such sanctions and penalties as provided under Ohio law. Approval of these plans does not constitute an assurance that the proposed facilities will operate in compliance with all Ohio laws and regulations. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed sources are inadequate or cannot meet applicable standards.

The specified permit fee must be remitted within 15 days of the effective date of this permit to install.

This permit shall apply only to the source(s) shown on the application approved by the Ohio Environmental Protection Agency.

The appropriate District Office of the Ohio EPA or Local Air Pollution Control Agency shall be notified, in writing as to (a) the construction starting date (b) the construction completion date and (c) the date the facilities were placed into operation.

If necessary, dust suppressing chemicals and/or water shall be periodically applied to the coal stockpile area to minimize or eliminate visible emissions of fugitive dust.

The owner shall be responsible for the proper operation and maintenance of the wastewater treatment facilities.

All solids dredged from the wastewater treatment facilities shall be disposed of only in areas designed for this purpose and approved by the Ohio Environmental Protection Agency.
