

Re: Permit to Install  
Washington County  
Application No. 06-1118

April 4, 1984

Forma Scientific  
P.O. Box 649  
Marietta, Ohio 45750

Attention: Carl R. Middleswart

CERTIFIED MAIL

Dear Sir:

Enclosed please find an Ohio EPA Permit to Install which will allow you to install the described source(s) in a manner indicated in the permit. Because this permit contains several conditions and restrictions I urge you to read it carefully.

You are hereby notified that this action by the Director is final and may be appealed to the Environmental Board of Review pursuant to Chapter 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the Environmental Board of Review within thirty (30) days after notice of the Director's action. A copy of the appeal must be served on the Director of the Ohio Environmental Protection Agency and the Environmental Law Division of the Office of the Attorney General within three (3) days of filing with the Board. An appeal may be filed with the Environmental Board of Review at the following address:

Environmental Board of Review  
250 East Town Street, Room 101  
Columbus, Ohio 43215

Very truly yours,

*Patricia P. Walling*

## Permit to Install Terms and Conditions

Application No. 06-1118  
APS Premise No. 0684020011  
Permit Fee: \$250.00

Name of Facility: Forma Scientific

Person to Contact: Carl R. Middleswart

Address: P.O. Box 649  
Marietta, Ohio 45750

Location of proposed source(s): Mill Creek Rd., 1½ miles east of  
intersections of State Route 60 and  
Colegate Dr.  
Marietta, Ohio

Description of proposed source(s): Solvent Distillation Reclaimer

Date of Issuance: April 4, 1984

Effective Date: April 4, 1984

The above named entity is hereby granted a permit to install for the above described source(s) pursuant to Chapter 3745-31 of the Ohio Administrative Code. Issuance of this permit does not constitute expressed or implied approval or agreement that, if constructed or modified in accordance with the plans included in the application, the above described source(s) of environmental pollutants will operate in compliance with applicable State and Federal laws and regulations, and does not constitute expressed or implied assurance that if constructed or modified in accordance with those plans and specifications, the above described source(s) of pollutants will be granted the necessary permits to operate (air) or NPDES permits as applicable.

This permit is granted subject to the conditions attached hereto.

Ohio Environmental Protection Agency

Director

April 4, 1984

Substantial construction for installation must take place within eighteen months of the effective date of this permit. This deadline may be extended by up to twelve months, if application is made to the Director no less than sixty days before the expiration of this permit and the party shows good cause for any such extension.

The Director of the Ohio Environmental Protection Agency, or his authorized representatives, may enter upon the premises of the above-named applicant during construction and operation at any reasonable time for the purpose of making inspections, conducting tests, examining records or reports pertaining to the construction, modification or installation of the above described source of environmental pollutants.

The proposed source shall be constructed in strict accordance with the plans and application submitted for this permit to the Director of the Ohio Environmental Protection Agency. There may be no deviation from the approved plans without the express, written approval of the Agency. Any deviations from the approved plans or the above conditions may lead to such sanctions and penalties as provided under Ohio law. Approval of these plans does not constitute an assurance that the proposed facilities will operate in compliance with all Ohio laws and regulations. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed sources are inadequate or cannot meet applicable standards.

The specified permit fee must be remitted within 15 days of the effective date of this permit to install.

This permit shall apply only to the source(s) shown on the application approved by the Ohio Environmental Protection Agency.

The appropriate District Office of the Ohio EPA or Local Air Pollution Control Agency shall be notified, in writing as to (a) the construction starting date (b) the construction completion date and (c) the date the facilities were placed into operation.

The discharge of organic material into the atmosphere from this source shall not exceed 40 (forty) pounds in any one day nor 8 (eight) pounds on any one hour.

This permit to install is applicable to the installation and/or modification of the following air contaminant sources, waste-water disposal systems and solid waste disposal facilities:

Air contaminant sources:

Solvent Distillation Reclaimer

Wastewater disposal systems:

Disposal of non-contact cooling water to Marietta Sewage System.

Solid Waste disposal facilities:

None

If application has been made for the installation and/or modification of air contaminant sources, wastewater disposal systems and/or solid waste disposal facilities which are not specifically listed above, a separate Permit to Install action by the Director will be required.

The City of Marietta Publicly Owned Treatment Works (POTW) officials shall be notified of any spills and unusual discharges to the sewer system immediately after discovery of such an occurrence.

All wastewater discharges that will adversely affect the operation, maintenance or treatment capabilities of the City of Marietta sewer and/or wastewater treatment systems are prohibited.

Forma Scientific shall comply with all applicable U.S. EPA Categorical Pretreatment Standards and local pretreatment regulations as they are developed.

Solid, semi-solid or hazardous materials generated by the unit operations are to be reused, recycled or sold for recovery when feasible. Solid, semi-solid and hazardous waste must be stored, treated or disposed of in facilities installed and operated in accordance with Ohio Revised Code Section 3734.

The Southeast District Office of the Ohio Environmental Protection Agency shall be notified, in writing prior to start-up of operations, as to the proposed disposition of all solid, semi-solid and hazardous waste materials. Notification shall include the following information:

- a. Name, location, and address of disposal facility.
- b. Method of disposal (incineration, secure landfill, etc.).
- c. Description of waste material to be disposed of.
- d. Quantities of waste material to be disposed of and frequency of disposal.
- e. Name and address of contract haulers.

Forma Scientifi - Application No. 06-111.
