

Permit to Install Terms and Conditions

Application No. 17-631
APS Premise No. 1715090195
Permit Fee: \$400.

Name of Facility: WARREN MOLDED PLASTICS

Person to Contact: RICK TAUCHER

Address: 800 PENNSYLVANIA AVE
SALEM, OHIO 44460

Location of proposed source(s): 800 PENNSYLVANIA AVE
SALEM, OHIO

Description of proposed source(s): RODGERS FINISHING CUSTOM MADE
PAINT SPRAY BOOTH & ADHESIVE SPRAY
BOOTH.

Date of Issuance: NOVEMBER 2, 1988

Effective Date: NOVEMBER 2, 1988

The above named entity is hereby granted a permit to install for the above described source(s) pursuant to Chapter 3745-31 of the Ohio Administrative Code. Issuance of this permit does not constitute expressed or implied approval or agreement that, if constructed or modified in accordance with the plans included in the application, the above described source(s) of environmental pollutants will operate in compliance with applicable State and Federal laws and regulations, and does not constitute expressed or implied assurance that if constructed or modified in accordance with those plans and specifications, the above described source(s) of pollutants will be granted the necessary permits to operate (air) or NPDES permits as applicable.

This permit is granted subject to the conditions attached hereto.

Ohio Environmental Protection Agency

Director

EPA 3156

Substantial construction for installation must take place within eighteen months of the effective date of this permit. This deadline may be extended by up to twelve months, if application is made to the Director within a reasonable time before the termination date and the party shows good cause for any such extension.

The Director of the Ohio Environmental Protection Agency, or his authorized representatives, may enter upon the premises of the above-named applicant during construction and operation at any reasonable time for the purpose of making inspections, conducting tests, examining records or reports pertaining to the construction, modification or installation of the above described source of environmental pollutants.

As specified in OAC Rule 3745-31-05, all new sources must employ Best Available Technology (BAT). Compliance with the terms and conditions of this permit will fulfill this requirement.

The specified permit fee must be remitted within 15 days of the effective date of this permit to install.

If the construction of the proposed source has already begun or has been completed prior to the date the Director of the Ohio Environmental Protection Agency approves the permit application and plans, the approval does not constitute expressed or implied assurance that the proposed facility has been constructed in accordance with the approved plans. The action of beginning and/or completing construction prior to obtaining the Director's approval constitutes a violation of OAC Rule 3745-31-02. Furthermore, issuance of the Permit to Install does not constitute an assurance that the proposed source will operate in compliance with all Ohio laws and regulations. Approval of the plans in any case is not to be construed as an approval of the facility as constructed and/or completed. Moreover, issuance of the Permit to Install is not to be construed as a waiver of any rights that the Ohio Environmental Protection Agency (or other persons) may have against the applicant for starting construction prior to the effective date of the permit. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed facilities prove to be inadequate or cannot meet applicable standards.

EMISSION SUMMARY

The air contaminant sources listed below comprise the Permit to Install for Warren Molded Plastics located in Columbiana County. The sources listed below shall not exceed the emission limits/control requirements contained in the following table:

<u>Ohio EPA Source No.</u>	<u>Source Identification</u>	<u>BAT Determination</u>	<u>Applicable Ohio EPA rule</u>	<u>Allowable Emissions (lb/hr, lb/MMBTU, gr/DSCF, etc.)</u>
R034	Plastic autoparts spray booth	Non-photo-chemically reactive coating	3745-31-05 3745-21-09 3745-21-07 3745-15-06	3.63 lb/hr organic compounds
R035	Adhesive spray booth	Non-photo-chemically reactive adhesive	3745-31-05 3745-21-09 3745-21-07 3745-15-06	<1.0 lb/hr methylene chloride

SUMMARY
 TOTAL NEW SOURCE EMISSIONS

<u>Pollutant</u>	<u>Tons/Year</u>
Organic compounds	9.34
Methylene chloride	3.11

This condition in no way limits the applicability of any other state or federal regulation.

ADDITIONAL SPECIAL TERMS AND CONDITIONS

Record-keeping and reporting requirements for surface coating or printing lines:

1. This facility shall maintain monthly records which list the hourly and daily usage following information for each surface coating employed in this source:
 - (a) the company identification of the surface coating;
 - (b) the number of gallons employed;
 - (c) the VOC content, in pounds of VOC per gallon of coating.

These monthly records, as well as any supporting coating analyses and computations, shall be retained in the company's files for a period of not less than two years and shall be made available to the Director or any authorized representative of the Director for review during normal business hours.

2. This facility shall submit semi-annual reports to the Ohio EPA field office which summarize the following information for each coating employed in this source during the previous six calendar months: company identification of the surface coating, the total number of gallons employed, the VOC content (in pounds VOC per gallon of coating, minus water). The
