TANSKY TOYOTA
RONALD WALLACE
6300 SAWMILL ROAD
COLUMBUS, OH 43017

OHIO EPA/CDO

Enclosed please find an Ohio EPA Permit to Install which will allow you to install the described source(s) in a manner indicated in the permit. Because this permit contains several conditions and restrictions I urge you to read it carefully.

The Ohio EPA is urging companies to investigate pollution prevention and energy conservation. Not only will this reduce pollution and energy consumption, but it can also save you money. If you would like to learn ways you can save money while protecting the environment, please contact our Office of Pollution Prevention at (614) 644-3469.

You are hereby notified that this action by the Director is final and may be appealed to the Ohio Environmental Board of Review pursuant to Chapter 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the Environmental Board of Review within thirty (30) days after notice of the Director's action. A copy of the appeal must be served on the Director of the Ohio Environmental Protection Agency within three (3) days of filing with the Board. An appeal may be filed with the Environmental Board of Review at the following address:

Environmental Board of Review
236 East Town Street, Room 300
Columbus, Ohio 43215

Very truly yours,

Thomas G. Rigo, Manager
Field Operations & Permit Section
Division of Air Pollution Control

Donald R. Schregardus, Director

Permit to Install Terms and Conditions

Application No. 01-6405
APS Premise No. 0125042318
Permit Fee: \$400.00

Name of Facility: TANSKY TOYOTA

Person to Contact: RONALD WALLACE

Address: 6300 SAWMILL ROAD
COLUMBUS, OH 43017

Location of proposed source(s): 2475 WEST DUBLIN GRANVILLE ROAD
COLUMBUS, OHIO

Description of proposed source(s):
TWO SPRAY PAINT BOOTHS.

Date of Issuance: July 3, 1996

Effective Date: July 3, 1996

The above named entity is hereby granted a permit to install for the above described source(s) pursuant to Chapter 3745-31 of the Ohio Administrative Code. Issuance of this permit does not constitute expressed or implied approval or agreement that, if constructed or modified in accordance with the plans included in the application, the above described source(s) of environmental pollutants will operate in compliance with applicable State and Federal laws and regulations, and does not constitute expressed or implied assurance that if constructed or modified in accordance with those plans and specifications, the above described source(s) of pollutants will be granted the necessary permits to operate (air) or NPDES permits as applicable.

This permit is granted subject to the conditions attached hereto.

Ohio Environmental Protection Agency

Director

TANSKY TOYOTA
Application No. 01-6405

July 3, 1996

TERMINATION OF PERMIT TO INSTALL

Substantial construction for installation must take place within 18 months of the effective date of this permit. This deadline may be extended by up to 12 months if application is made to the Director within a reasonable time before the termination date and the party shows good cause for any such extension.

NOTICE OF INSPECTION

The Director of the Ohio Environmental Protection Agency, or his authorized representatives, may enter upon the premises of the above-named applicant during construction and operation at any reasonable time for the purpose of making inspections, conducting tests, or to examine records or reports pertaining to the construction, modification or installation of the source(s) of environmental pollutants identified within this permit.

CONSTRUCTION OF NEW SOURCES

The proposed source(s) shall be constructed in strict accordance with the plans and application submitted for this permit to the Director of the Ohio Environmental Protection Agency. There may be no deviation from the approved plans without the express, written approval of the Agency. Any deviations from the approved plans or the above conditions may lead to such sanctions and penalties as provided under Ohio law. Approval of these plans does not constitute an assurance that the proposed facilities will operate in compliance with all Ohio laws and regulations. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed sources are inadequate or cannot meet applicable standards.

If the construction of the proposed source(s) has already begun or has been completed prior to the date the Director of the Environmental Protection Agency approves the permit application and plans, the approval does not constitute expressed or implied assurance that the proposed facility has been constructed in accordance with the approved plans. The action of beginning and/or completing construction prior to obtaining the Director's approval constitutes a violation of Ohio Administrative Code (OAC) Rule 3745-31-02. Furthermore, issuance of the Permit to Install does not constitute an assurance that the proposed source will operate in compliance with all Ohio laws and regulations. Approval of the plans in any case is not to be construed as an approval of the facility as constructed and/or completed. Moreover, issuance of the Permit to Install is not to be construed as a waiver of any rights that the Ohio Environmental Protection Agency (or other persons)

TANSKY TOYOTA
Application No. 01-6405
Page 3 of 7
July 3, 1996

may have against the applicant for starting construction prior to the effective date of the permit. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed facilities prove to be inadequate or cannot meet applicable standards.

PERMIT TO INSTALL FEE

In accordance with Ohio Revised Code 3745.11, the specified Permit to Install fee must be remitted within 30 days of the effective date of this permit to install.

PUBLIC DISCLOSURE

The facility is hereby notified that this permit, and all agency records concerning the operation of this permitted source, are subject to public disclosure in accordance with OAC Rule 3745-49-03.

APPLICABILITY

This Permit to Install is applicable only to the contaminant sources identified. Separate application must be made to the Director for the installation or modification of any other contaminant sources.

BEST AVAILABLE TECHNOLOGY

As specified in OAC Rule 3745-31-05, all new sources must employ Best Available Technology (BAT). Compliance with the terms and conditions of this permit will fulfill this requirement.

PERMIT TO OPERATE APPLICATION

A Permit to Operate application must be submitted to the appropriate field office for each air contaminant source in this Permit to Install. In accordance with OAC Rule 3745-35-02, the application shall be filed no later than thirty days after commencement of operation.

SOURCE OPERATION AFTER COMPLETION OF CONSTRUCTION

This facility is permitted to operate each source described by this permit to install for a period of up to one year from the date the source commenced operation. This permission to operate is granted only if the facility complies with all requirements contained in this permit and all applicable air pollution laws, regulations, and policies.

AIR EMISSION SUMMARY

The air contaminant sources listed below comprise the Permit to Install for TANSKY TOYOTA located in Franklin County. The sources listed below shall not exceed the emission limits/control requirements contained in the table. This condition in no way limits the applicability of any other state or federal regulations. Additionally, this condition does not limit the applicability of additional special terms and conditions of this permit.

<u>Ohio EPA Source Number</u>	<u>Source Identification Description</u>	<u>BAT Determination</u>	<u>Applicable Federal & OAC Rules</u>	<u>Permit Allowable Mass Emissions and/or Control/Usage Requirements</u>
K001	Devil bliss system down-draft spray booth	Compliance with permitted emission limits, applicable rules, use of HVLP spray guns VOC coating limit of 6.0 lbs VOC/gallon as applied	3745-31-05 3745-21-09 (U) (2) (c) 3745-17-11	6.0 lbs VOC/hour; VOC content of coating material not to exceed 6.0 lbs VOC/gallon as applied. VOC content of clean-up material not to exceed 6.7 lbs VOC/gallon. .73 lb PM/hour
K002	Devil bliss system down-draft spray booth	Compliance with permitted emission limits, applicable rules, use of HVLP spray guns VOC coating limit of 6.0 lbs VOC/gallon as applied	3745-31-05 3745-21-09 (U) (2) (c) 3745-17-11	6.0 lbs VOC/hour; VOC content of coating material not to exceed 6.0 lbs VOC/gallon as applied. VOC content of clean-up material not to exceed 6.7 lbs VOC/gallon. .73 lb PM/hour

RECORD(S) RETENTION AND AVAILABILITY

All records required by this Permit to Install shall be retained on file for a period of not less than three years unless otherwise indicated by Ohio Environmental Protection Agency. All records shall be made available to the Director, or any representative of the Director, for review during normal business hours.

REPORTING REQUIREMENTS

Unless otherwise specified, reports required by the Permit to Install need only be submitted to OEPA Central District Office - DAPC, 3232 Alum Creek Drive, P. O. Box 1049, Columbus, Ohio 43216-1049.

WASTE DISPOSAL

The owner/operator shall comply with any applicable state and federal requirements governing the storage, treatment, transport and disposal of any waste material generated by the operation of the sources.

MAINTENANCE OF EQUIPMENT

This source and its associated air pollution control system(s) shall be maintained regularly in accordance with good engineering practices and the recommendations of the respective manufacturers in order to minimize air contaminant emissions.

MALFUNCTION/ABATEMENT

In accordance with OAC RULE 3745-15-06, any malfunction of the source(s) or associated air pollution control system(s) shall be reported immediately to the OEPA Central District Office - DAPC, 3232 Alum Creek Drive, P. O. Box 1049, Columbus, Ohio 43216-1049.

Except as provided by OAC Rule 3745-15-06(A)(3), scheduled maintenance of air pollution control equipment that requires the shutdown or bypassing of air pollution control system(s) must be accompanied by the shutdown of the associated air pollution sources.

AIR POLLUTION NUISANCES PROHIBITED

The air contaminant source(s) identified in this permit may not cause a public nuisance in violation of OAC Rule 3745-15-07.

NINETY DAY OPERATING PERIOD

The facility will be permitted to operate during a 90-day period in accordance with OAC Rule 3745-35-02(C)(4)(b). The purpose of this period of operation is to fulfill the performance tests conditions used in the determination of compliance with the provisions of this Permit to Install or other applicable Ohio EPA rules.

CONSTRUCTION COMPLIANCE CERTIFICATION

The applicant shall provide Ohio EPA with a written certification (see enclosed form) that the facility has been constructed in accordance with the Permit to Install application and the terms and conditions of the Permit to Install. The certification shall be provided to Ohio EPA upon completion of construction but prior to startup of the source.

ADDITIONAL SPECIAL TERMS AND CONDITIONS

1. **Coating Usage**

Emissions units K001 and K002 combined shall employ no more than 96.0 gallons of coating per month and no more than 1,150 gallons total coating materials per year.

2. **VOC Content**

The Volatile Organic Compound content (VOC) of any coating employed by emissions unit K001 and/or K002 shall not exceed 6.0 lbs VOC per gallon as applied. VOC content of cleanup material shall not exceed 6.7 lbs VOC/gallon.

3. **Record-Keeping and Reporting Requirements for Surface Coating**

This facility shall maintain monthly records which list the following information for coating or ink and cleanup employed in this emissions unit:

- A. the name and identification of each coating or ink and cleanup material;
- B. the number of gallons employed;
- C. the VOC content, in pounds of VOC per gallons;
- D. the VOC content, in pounds of VOC per gallon excluding water and exempt solvents;
- E. the water and exempt solvents content, in percent by volume;

- F. the nonvolatile (solids) content, in percent by volume;
- G. total hours of daily operation; and
- H. calculations showing the total VOC emissions and the pounds VOC/gallon content of the coatings or inks (excluding water and exempt solvents) and from the cleanup materials.

The VOC content shall be determined by using US EPA Method 24 (40 CFR 60) or formulation data from the manufacturer.

These records, as well as any supporting coating, ink, exempt solvents and cleanup materials analyses and computations, shall be retained at the facility for a period of not less than three years and shall be made available to the Director or any authorized representative of the Director for review, upon verbal or written request.

This facility shall notify the Central District Office of any records showing exceedances of permitted emission limits and/or pounds VOC/gallon content of coatings and inks (excluding water and exempt solvents). A report showing the exceedances of the permitted emission limits and/or use of noncomplying coatings or inks, and including any corrective actions taken, shall be sent to the Central District Office within 30 days following the end of the calendar month in which the violation occurred.
