

PERMIT TO OPERATE AN AIR CONTAMINANT SOURCE

Date of Issuance 01/07/94

Application No. 1741000149F001

Effective Date 01/07/94

Permit Fee \$000

This document constitutes issuance to:

C&E INC., FLY ASH DISPOSAL SITE
SALINE TWSHP. ROAD 452
SALINE TOWNSHIP OHIO 44026

of a permit to operate for:

UNPAVED ROADS AND PARKING AREAS
DISPOSAL SITE'S ROADS AND PARKING AREAS

The following terms and conditions are hereby expressly incorporated into this permit to operate:

1. This permit to operate shall be effective until 01/06/97
You will be contacted approximately six months prior to this date regarding the renewal of this permit. If you are not contacted, please write to the appropriate Ohio EPA field office.
2. The above-described source is and shall remain in full compliance with all applicable State and federal laws and regulations and the terms and conditions of this permit.
3. Prior to any modification of this source, as defined in rule 3745-31-01 of the Ohio Administrative Code (OAC), a permit to install must be granted by the Ohio EPA pursuant to OAC Chapter 3745-31.
4. The Director of the Ohio EPA or an authorized representative may, subject to the safety requirements of the permit holder, enter upon the premises of this source at any time for purposes of making inspections, conducting tests, examining records or reports pertaining to any emission of air contaminants, and determining compliance with any applicable State and federal air pollution laws and regulations and the terms and conditions of this permit.
5. A permit fee in the amount specified above must be remitted within 15 days from the issuance date of this permit.
6. Any transferee of this permit shall assume the responsibilities of the prior permit holder. The appropriate Ohio EPA field office must be notified in writing of any transfer of this permit.
7. This source and any associated air pollution control system(s) shall be maintained regularly in accordance with good engineering practices in order to minimize air contaminant emissions. Any malfunction of this source or any associated air pollution control system(s) shall be reported immediately to the appropriate Ohio EPA field office in accordance with OAC rule 3745-15-06. Except as provided in that rule, any scheduled maintenance or malfunction necessitating the shutdown or bypassing of any air pollution control system(s) shall be accompanied by the shutdown of this source.
8. Any unauthorized or emergency release of an air contaminant from this source which, due to the toxic or hazardous nature of the material, may pose a threat to public health, or otherwise endanger the safety or welfare of the public, shall be reported immediately to the appropriate Ohio EPA field office (during normal business hours) or to the Ohio EPA's Emergency Response Group (1-800-282-9378). (Additional reporting may be required pursuant to the federal Comprehensive Environmental Response, Compensation, and Liability Act.)
9. The appropriate Ohio EPA field office is:
NORTH OHIO VALLEY AIR AUTHORITY
814 ADAMS ST.
STEUBENVILLE, OH 43952 (614) 282-3908/3303
10. If this term and condition is checked, the permit holder is subject to the attached special terms and conditions.

OHIO ENVIRONMENTAL PROTECTION AGENCY

Director

EPA 3834
Revised 9-90

APPLICATION NUMBER: 1741000149 F001

FACILITY NAME: C & E Coal, Inc.

EQUIPMENT DESCRIPTION: Unpaved Roads and Parking Areas

COMPANY ID: Disposal Site's Roads and Parking Areas

SPECIAL TERMS AND CONDITIONS

1. Applicable Regulation(s)

The specific operation(s), equipment and/or property which constitute the air contaminant source and which are covered by this permit are listed in the following table along with the applicable rule(s) of the Ohio Administrative Code:

<u>Operation(s), Equipment and/or property</u>	<u>Applicable Rule(s) (OAC 3745-)</u>
Unpaved Roads & Parking Areas	17-08(B) & 31-05

2. Allowable Mass Emission Limitation(s) and/or Control Requirements

The allowable mass emission limitation(s) and/or control requirements for the operation(s), equipment and/or property identified above are specified in the following table:

<u>Operation(s), Equipment and/or Property</u>	<u>Allowable Mass Emission Limitation(s) and/or Control Requirements</u>
Unpaved Roads & Parking Areas	Minimize or eliminated fugitive dust such that there are no visible particulate emissions except for a period of time not to exceed three minutes during any sixty minute observation period as determined by Method 22 of 40 CFR Part 60.

3. Roadways and Parking Areas

All unpaved road segments and parking lots shall periodically be treated with water or any other suitable dust suppressant in order to minimize or eliminate, at all times, visible emissions of fugitive dust generated by vehicular traffic and/or wind. There shall be no visible emission from any unpaved roadways and parking areas except for a period of time not to exceed three minutes

C & E Coal, Inc.

Page 2

during any 60 minute observation period. Frequencies for employing these control measures shall be on an "as needed" basis, i.e., whenever visible emission of fugitive dust generated by vehicular traffic or wind is observed. No treatment is required when precipitation occurs. The use of water for fugitive dust control during periods when the temperature drops below freezing shall be at the company's discretion, taking into account safety factors. Alternative fugitive dust control measures/suppressants must be implemented/utilized during winter months. The use of waste/used oil to control fugitive dust is prohibited.

Speed reduction and the good housekeeping practices of covering trucks, the prompt removal of all spillages and the prompt removal of mud tracked onto paved surfaces (including public thoroughfares around the facility) shall also be adhered to in order to minimize or eliminate visible emission of fugitive dust.
