

Facility ID: 1318537905 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

Part II - Special Terms and Conditions

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.
 - (a) None.
2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.
 - (a) None.

A. Applicable Emissions Limitations and/or Control Requirements

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

<u>Operations, Property, and/or Equipment</u>	<u>Applicable Rules/Requirements</u>	<u>Applicable Emissions Limitations/Control Measures</u>
miscellaneous metal parts coating line	OAC 3745-21-09 (U)(2)(e)	exemption based on maximum usage not to exceed 3 gallons of coating per day.
		See A.I.2.a below.

2. Additional Terms and Conditions

- (a) Although the requirements of OAC rule 3745-21-09(U) allow for an exemption from applicable VOC content limitations, the daily usage exemption allowed in accordance with OAC rule 3745-21-09(U)(2)(e)(ii) is not part of the federally-approved SIP (for the Cleveland/Akron ozone area). The rule has been revised to reflect an exemption level (3 gallons per day) that will be acceptable to USEPA. The Ohio EPA has received confirmation of USEPA's acceptance in writing; therefore, the 3 gallons per day usage restriction in Section A.II.1 below will apply as the exemption level while OAC rule 3745-21-09 (U) is being approved by USEPA, as well as after USEPA approval.

B. Operational Restrictions

1. The maximum daily coating usage for the paint booth shall not exceed 3 gallons of coating (including water and exempt solvents).

C. Monitoring and/or Record Keeping Requirements

1. The permittee shall collect and record the following information each day the each line:
 The name and identification number of each coating, as applied.
 The volume, in gallons, of each coating as applied.
 The total volume, in gallons, of all of the coatings employed.

D. Reporting Requirements

1. The permittee shall notify the Director of OEPA of any daily record showing that the coating line employs more than the allowable daily limit of 3 gallons of coating, including water and exempt solvents, per day. A copy of such record shall be sent to the Cleveland Bureau of Air Pollution Control within 45 days after the exceedance occurs.

E. Testing Requirements

1. Compliance with the 3 gallon per day usage limitation in section A.1 of this permit shall be demonstrated by the monitoring and recordkeeping requirements in section C of this permit.

F. Miscellaneous Requirements

1. None
