

Facility ID: 1409000070 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

\*\*\*THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION\*\*\*

Facility ID: 1409000070 Emissions Unit ID: P006 Issuance type: Final State Permit To Operate

**Part II - Special Terms and Conditions**

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.
  - (a) None.
2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.
  - (a) None.

**A. Applicable Emissions Limitations and/or Control Requirements**

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

<u>Operations, Property, and/or Equipment</u>	<u>Applicable Rules/Requirements</u>	<u>Applicable Emissions Limitations/Control Measures</u>
Nozzle flow test line 6	OAC rule 3745-31-05 (PTI 14-3545) OAC rule 3745-21-07(G)(2)	See term and condition A.2.  Less stringent than OC emission limitations established pursuant to OAC rule 3745-31-05.

**2. Additional Terms and Conditions**

- (a) Organic compound (OC) emissions from this emission unit shall not exceed 3.2 lbs/hr\*, 38.4 lbs/day and 4.8 tons/year (TPY).
 

\* The hourly emission limitation is based upon the emissions unit's potential to emit. Therefore, no hourly records are required to demonstrate compliance with this limit.

**B. Operational Restrictions**

None

**C. Monitoring and/or Record Keeping Requirements**

1. The permittee shall collect and record the following information each day for this emissions unit:
  - a. the company identification of each solvent employed;
  - b. the number of gallons of each solvent employed;
  - c. the number of gallons of each solvent reclaimed;
  - d. the OC content of each solvent, in pounds per gallon; and
  - e. the total OC emissions (summation of (b - c) x d for each solvent), in pounds.

**D. Reporting Requirements**

1. The permittee shall submit deviation (excursion) reports which identify any exceedance of the OC emission limitation of 38.4 lbs/day, as well as the corrective action that was taken to achieve compliance. Each report shall be sent to the Hamilton County Department of Environmental Services within 45 days after an exceedance occurs.

**E. Testing Requirements**

1. Emission limitation:  
38.4 lbs OC/day  
  
Applicable compliance method:  
The records maintained pursuant to term and condition C shall be used to determine compliance with the above emission limitation.
2. Emission limitation:  
4.8 TPY of OC  
  
Applicable compliance method:  
The records maintained pursuant to term and condition C shall be used to determine compliance with the above

emission limitation by summing up all daily emissions for the calendar year and dividing by 2,000 lbs/ton.

3. Formulation data or USEPA Method 24 shall be used to determine the OC content of the organic compound content of the solvents.

F. **Miscellaneous Requirements**

None
