

Facility ID: 1409000791 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

\*\*\*THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION\*\*\*

## Part II - Special Terms and Conditions

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.
  - (a) None.
2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.
  - (a) None.

### A. Applicable Emissions Limitations and/or Control Requirements

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

<u>Operations, Property, and/or Equipment</u>	<u>Applicable Rules/Requirements</u>	<u>Applicable Emissions Limitations/Control Measures</u>
Truck paint spray booth	OAC rule 3745-31-05 (PTI 14-3334) OAC rule 3745-21-07 (G)(2)	8 lbs of organic compounds (OC)/hr, 40 lbs of OC/day and 7.3 TPY of OC, including clean up Equal to the hourly and daily limits established pursuant to OAC rule 3745-31-05.

### 2. Additional Terms and Conditions

- (a) None

### B. Operational Restrictions

1. None

### C. Monitoring and/or Record Keeping Requirements

1. The permittee shall collect and record the following information for each day for the coating operation:
  - a. The company name and identification for each coating and cleanup material employed.
  - b. The number of gallons of each coating and cleanup material employed.
  - c. The OC content of each coating and cleanup material, as applied, in pounds/gallon.
  - d. The total OC emission rate for all coatings and cleanup materials, in pounds/day (i.e., summation of b x c for each coating and cleanup material).
  - e. The total number of hours the emissions unit was in operation.
  - f. The average hourly OC emission rate for all coatings and cleanup materials, i.e., (d)/(e), in pounds/hour.

### D. Reporting Requirements

1. The permittee shall submit deviation (excursion) reports which include the following information:
  - a. An identification of each day during which the average hourly OC emissions from the coatings and cleanup materials exceeded 8 lbs/hr, and the actual average hourly OC emissions for each such day.
  - b. An identification of each day during which the OC emissions from the coatings and cleanup materials exceeded 40 lbs/day, and the actual OC emissions for each such day.
2. The permittee shall also submit annual reports which specify the total OC emissions from this emissions unit for the previous calendar year. These reports shall be submitted by January 31 of each year.

### E. Testing Requirements

1. Formulation data or USEPA method 24 shall be used to determine the OC content of each coating and cleanup material.
2. Compliance with emissions limits in Section A shall be determined by record keeping pursuant to term C.1.

### F. Miscellaneous Requirements

1. None
