

Facility ID: 1431071775 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

\*\*\*THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION\*\*\*

Facility ID: 1431071775 Emissions Unit ID: F008 Issuance type: Final State Permit To Operate

**Part II - Special Terms and Conditions**

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.
  - (a) None.
2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.
  - (a) None.

**A. Applicable Emissions Limitations and/or Control Requirements**

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

<u>Operations, Property, and/or Equipment</u>	<u>Applicable Rules/Requirements</u>	<u>Applicable Emissions Limitations/Control Measures</u>
Roadways and parking areas (all areas)	OAC 3745-31-05 (PTI 14-3745)	4.04 TPY PM 1.48 TPY PM10
		See A.2.
	OAC 3745-17-07(B)	Less stringent than the BAT VE limit in A.2.a.
	OAC 3745-17-08(B)	See A.2.b.

**2. Additional Terms and Conditions**

- (a) There shall be no visible emissions from any paved roadway or parking area except for a period of time not to exceed one minute during any sixty-minute observation period.  
The permittee shall sweep the paved roadways and parking areas to minimize or eliminate, at all times, visible emissions of fugitive dust generated by vehicular traffic. The following equipment shall be used to sweep the roadways and parking areas: SP Broom Sweeper. The paved surfaces shall be swept, at a minimum, twice per week. The permittee shall not be required to sweep during wet conditions when there is sufficient moisture to prevent visible emissions of fugitive dust.  
  
Any material carried off of the permittee's property and deposited onto public streets by vehicular traffic or by erosion by water, etc., shall be promptly removed and disposed of properly to minimize or prevent resuspension.  
  
A maximum speed limit of five miles per hour shall be posted and enforced on the property.

Open bodied vehicles transporting materials likely to become airborne shall be covered at all times.

**B. Operational Restrictions**

1. A truck wheel wash shall be installed and maintained to prevent any material from being deposited onto the city streets by the vehicular traffic. All vehicles exiting the property shall go through the wheel wash.

**C. Monitoring and/or Record Keeping Requirements**

1. The permittee shall maintain records which include the following information for the paved roadways and parking areas:
  - a. The date the paved surfaces were swept.
  - b. The portions of the paved surfaces that were swept.
  - c. The name of the equipment operator responsible for sweeping.

**D. Reporting Requirements**

None

**E. Testing Requirements**

1. Compliance with the visible emissions limit shall be determined by the methods specified in OAC 3745-17-03(B) (4).
2. Compliance with the PM and PM10 emissions limits outlined in this permit shall be demonstrated by the emissions

factors, control efficiencies (if applicable) and the operational parameters in PTI application 14-3754 as submitted on 4/26/97.

F. **Miscellaneous Requirements**

None
