

Facility ID: 1431153902 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION

Part II - Special Terms and Conditions

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.
 - (a) None.
2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.
 - (a) None.

A. Applicable Emissions Limitations and/or Control Requirements

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

<u>Operations, Property, and/or Equipment</u>	<u>Applicable Rules/Requirements</u>	<u>Applicable Emissions Limitations/Control Measures</u>
Solvent wiping operation	OAC rule 3745-31-05 (PTI 14-3961)	0.83 lb/hr OC*, 3.63 TPY OC as a 12-month rolling summation
	OAC rule 3745-21-07(G)	* The hourly emission limitation is based upon the emissions unit's potential to emit. Therefore, no hourly records are required to demonstrate compliance with this limit. See section B.1.

2. **Additional Terms and Conditions**
 - (a) None

B. Operational Restrictions

1. The use of photochemically reactive materials, as defined in OAC rule 3745-21-01(C)(5), is prohibited.

C. Monitoring and/or Record Keeping Requirements

1. The permittee shall collect and record the following information each month:
 - a. the company identification of each liquid organic material employed;
 - b. a record of each liquid organic material employed in this emissions unit indicating whether or not the liquid organic material is a photochemically reactive material, as defined in OAC rule 3745-21-01(C)(5);
 - c. the number of gallons of liquid organic material employed;
 - d. the organic compound (OC) content, in pounds of OC per gallon of liquid organic material, as applied;
 - e. the total combined OC emissions from all the liquid organic materials employed, in pounds or tons per month [the sum of (c) times (d) for each liquid organic material]; and
 - f. the updated rolling, 12-month summation for the OC emissions (the OC emissions for the current calendar month in tons, added to the OC emissions for the previous eleven calendar months, in tons).

D. Reporting Requirements

1. The permittee shall notify the Hamilton County Department of Environmental Services in writing identifying each month during which any photochemically reactive material, as defined in OAC rule 3745-21-01(C)(5), was employed in this emissions unit. This report shall identify the cause for the use of the photochemically reactive material(s) and the estimated total quantity of material(s) emitted each such month. This report shall be submitted to the Hamilton County Department of Environmental Services (HAMCO DES) within 45 days after the application of photochemically reactive material(s) occurs.
2. The permittee shall submit deviation (excursion) reports that identify any monthly record showing an exceedance of the rolling, 12-month OC limitation of 3.63 tons. Each report shall be submitted to HAMCO DES within 45 days after the exceedance occurs.

E. Testing Requirements

1. Compliance with the annual organic compound emission limit shall be determined using the records maintained

pursuant to Section C.1 of this permit.

F. **Miscellaneous Requirements**

1. None
