

Facility ID: 1483090348 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION

Part II - Special Terms and Conditions

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.
 - (a) None.
2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.
 - (a) None.

A. Applicable Emissions Limitations and/or Control Requirements

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

<u>Operations, Property, and/or Equipment</u>	<u>Applicable Rules/Requirements</u>	<u>Applicable Emissions Limitations/Control Measures</u>
Plate washing unit w/ solvent recycle system	OAC 3745-31-05 See F.	1.2 LBS/HR OC, 29 LBS/DAY OC, 5.3 TPY OC. See T&C A.2.2.
	OAC 3745-21-07(G)(2) See F.	Less stringent than PTI.

2. Additional Terms and Conditions

- (a) The OC content of the cleanup material shall not exceed 4.8 pounds per gallon, as applied.

B. Operational Restrictions

1. The doors on emissions unit P001 shall remain closed except when removing the plates.

C. Monitoring and/or Record Keeping Requirements

1. The permittee shall collect and record the following information each day for emissions unit P001:
 - a. the company identification for each cleanup material employed;
 - b. the number of gallons of each cleanup material, as applied, evaporated from P001;
 - c. the OC content of each cleanup material, as applied, in pounds per gallon;
 - d. the OC emissions from each cleanup material, in pounds per day;
 - e. the total OC emissions from P001, in pounds per day;
 - f. the hours of operation; and
 - g. the average hourly OC emission rate from P001, i.e., (e)/(f), in pounds per hour.

D. Reporting Requirements

1. The permittee shall notify the Director (the appropriate Ohio EPA District Office or local air agency) in writing of any daily record showing an exceedance of the OC content limit and/or the OC emission limits as outlined in this permit. The notification shall include a copy of such record and shall be sent to the Director (the appropriate Ohio EPA District Office or local air agency) within 45 days after the exceedance occurs.

E. Testing Requirements

1. Compliance with the OC content and the OC emission limits shall be demonstrated by the record keeping requirements in C.1.

Compliance with the annual OC emission limit shall be demonstrated by the summation of the daily records.
2. Formulation data or USEPA Method 24 (for coatings) or 24A (for flexographic and rotogravure printing inks and related coatings) shall be used to determine the OC content of the cleanup materials.

F. Miscellaneous Requirements

1. The following terms and conditions shall supersede all the air pollution control requirements for this emissions unit

contained in permit to install 14-4363 as issued on September 17, 1997: A-E.
