

ADDITIONAL TERMS & CONDITIONS

(Argo-Tech, 1318207468 , PTI 13-3424)

(P049,P050,P053,P055,P056,P057,P058)

1. The above-described emissions unit is and shall remain in full compliance with all applicable State laws and regulations and the terms and conditions of this permit.

2. The permittee shall collect and record the following information for each day the processes are in operation:

- (a) The company identification for each material or solvent, and cleanup material employed.
- (b) The number of gallons of each material or solvent, and cleanup material employed.
- (c) The organic compound content of each material or solvent, and cleanup material used, in pounds per gallon.
- (d) The total organic compound emission rate for all materials, in pounds per day.
- (e) The total number of hours the emissions unit was in operation.
- (f) The average hourly organic compound emission rate for all materials and photochemically reactive cleanup materials, i.e., (d)/(e), in pounds per hour (average).

3. The permittee shall submit deviation (excursion) reports which include the following information:

- (a) An identification of each day during which the average hourly organic compound emissions from the solvent and photochemically reactive cleanup materials exceeded 8 pounds per hour for sources P049,P050;P053,P055,P057,P058, or 4.3 pounds per hour for source P056, and the actual average hourly organic compound emissions for each such day.
- (b) An identification of each day during which the organic compound emissions from the solvent and photochemically reactive cleanup materials exceeded 40 pounds per day or 10 gallons per day for source P056, and the actual organic compound emissions for each such day.

4. The permittee shall submit required reports in the following manner:

- a. Reports of any required monitoring and/or recordkeeping information shall

be submitted to the appropriate Ohio EPA District Office or local air agency.

- b. Except as otherwise may be provided in the terms and conditions for a specific emissions unit, quarterly written reports of (a) any deviations (excursions) from emission limitations, operational restrictions, and control device operating parameter limitations that have been detected by the testing, monitoring, and recordkeeping requirements specified in this permit, (b) the probable cause of such deviations, and (c) any corrective actions or preventive measures which have been or will be taken, shall be submitted to the appropriate Ohio EPA District Office or local air agency. If no deviations occurred during a calendar quarter, the permittee shall submit a quarterly report, which states that no deviations occurred during that quarter. The reports shall be submitted quarterly, i.e., by January 31, April 30, July 31, and October 31 of each year and shall cover the previous calendar quarters. (These quarterly reports shall exclude deviations resulting from malfunctions reported in accordance with OAC rule 3745-15-06.)

5. The Director of the Ohio EPA, or an authorized representative of the Director, may, subject to the safety requirements of the permittee and without undue delay, enter upon the premises of this source at any reasonable time for purposes of making inspections, conducting tests, examining records or reports pertaining to any emission of air contaminants, and determining compliance with any applicable State and federal air pollution laws and regulations and the terms and conditions of this permit. The permittee shall furnish to the Director of the Ohio EPA, or an authorized representative of the Director, upon receipt of a written request and within a reasonable time, any information that may be requested to determine whether cause exists for modifying, reopening or revoking this permit or to determine compliance with this permit. Upon verbal or written request, the permittee shall also furnish to the Director of the Ohio EPA, or an authorized representative of the Director, copies of records required to be kept by this permit.

6. Any scheduled maintenance of air pollution control equipment shall be performed in accordance with paragraph (A) of OAC rule 3745-15-06. The malfunction of any emissions unit or any associated air pollution control system(s) shall be reported to the appropriate Ohio EPA District Office or local air agency in accordance with paragraph (B) of OAC rule 3745-15-06. Except as provided in that rule, any scheduled maintenance or malfunction necessitating the shutdown or bypassing of any air pollution control system(s) shall be accompanied by the shutdown of this emissions unit(s) that is (are) served by such control system(s).

7. The air contaminants emitted by the emissions units covered by this permit shall not cause a public nuisance, in violation of OAC rule 3745-15-07.
