

Facility ID: 1677011032 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

\*\*\*THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION\*\*\*

Facility ID: 1677011032 Emissions Unit ID: P001 Issuance type: Final State Permit To Operate

**Part II - Special Terms and Conditions**

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.
  - (a) None.
2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.
  - (a) None.

**A. Applicable Emissions Limitations and/or Control Requirements**

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

<u>Operations, Property, and/or Equipment</u>	<u>Applicable Rules/Requirements</u>	<u>Applicable Emissions Limitations/Control Measures</u>
Ink Reclamation System - Centrifuge & Filter and Diesel Engine	PTI #16-1162 OAC 3745-31-03(p) OAC 3745-17-11 OAC 3745-21-07	From the Centrifuge and Tank Stack: 1.5 lbs/hr, 1.5 TPY organic materials  From the Diesel Engine Exhaust: 0.35 lbs/MM BTU, 0.59 TPY particulate matter 0.55 lbs/hr, 0.55 TPY Sulfur Dioxide 8.30 lbs/hr, 8.30 TPY Nitrogen Dioxide 1.80 lbs/hr, 1.80 TPY Carbon Monoxide 0.66 lbs/hr, 0.66 TPY NMHC 0.12 lbs/hr, 0.12 TPY aldehydes

2. **Additional Terms and Conditions**
  - (a) The permittee of this emissions unit may relocate within the state of Ohio without first obtaining a permit to install providing the following criteria are met: the emissions unit is equipped with the best available control technology for such emissions unit; and the emissions unit is operating pursuant to a currently effective permit to operate; and the permittee has provided proper notice of intent to relocate the emissions unit to the Director within a minimum of 30 days prior to the scheduled relocation; and in the Director's judgement, the proposed site is acceptable under rule 3745-15-07 of the Administrative Code.
  - (b) In order for the Director to determine compliance with all of the above criteria, the permittee must file a "Notice of Intent to Relocate" at least 30 days prior to relocation of the emissions unit with the Akron Regional Air Quality Management District. Upon receipt of the notice, the Director, or the Director's authorized representative, will evaluate the request in accordance with the above criteria.
  - (c) Failure to submit said notification and to receive Ohio Environmental Protection Agency approval prior to relocation of the emissions unit may result in fines and civil penalties.

**B. Operational Restrictions**

1. This emissions unit shall not be operated more than 2,000 hours per year.

**C. Monitoring and/or Record Keeping Requirements**

1. The permittee shall maintain daily records which list the following information for each job or site location: quantity of contaminated ink processed (pounds); quantity of ink reclaimed (pounds); quantity of diesel fuel consumed; and operating hours.

**D. Reporting Requirements**

1. The permittee shall submit an excursion report to the Director identifying any periods of operation in excess of the operational restriction for this emissions unit.

**E. Testing Requirements**

1. None

**F. Miscellaneous Requirements**

1. Waste Disposal:

The permittee shall comply with any applicable state and federal requirements governing the storage, treatment, transport and disposal of any waste material generated by the operation of the emissions unit.

2. Air Pollution Nuisance:

The air pollution emissions unit identified in this permit may not cause a public nuisance in violation of OAC rule 3745-15-07.
