

Facility ID: 0165010112 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

\*\*\*THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION\*\*\*

**Part II - Special Terms and Conditions**

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.
  - (a) None.
2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.
  - (a) None.

**A. Applicable Emissions Limitations and/or Control Requirements**

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

<u>Operations, Property, and/or Equipment</u>	<u>Applicable Rules/Requirements</u>	<u>Applicable Emissions Limitations/Control Measures</u>
One paint booth with filter for painting identification equipment parts.	OAC rule 3745-31-05 (PTI 01-4592)	Organic compound (OC) emissions shall not exceed 2.68 pounds per hour.
		See B.1, B.2, and B.3 below.
	OAC rule 3745-21-09(U)(2)(e)(ii)	See B.4 below.

2. **Additional Terms and Conditions**
  - (a) None

**B. Operational Restrictions**

1. The permittee shall employ no more than 30 gallons of coatings per month in this emissions unit.
2. The permittee shall employ no more than 2 gallons of cleanup materials per month in this emissions unit.
3. The OC content for any coating employed in this emissions unit shall not exceed 6.7 pounds per gallon.
4. The permittee shall employ no more than 10 gallons of coatings per day in this emissions unit.

**C. Monitoring and/or Record Keeping Requirements**

1. The permittee shall collect and record the following information for each day for the coating operation:
  - a. The company identification for each coating and cleanup material employed.
  - b. The number of gallons of each coating and cleanup material employed.
  - c. The total number of gallons of all coatings employed.
  - d. The OC content of each coating and cleanup material, in pounds per gallon.
  - e. The total OC emission rate for all coatings and cleanup materials, in pounds per day.
  - f. The total number of hours the emissions unit was in operation.
  - g. The average hourly OC emission rate for all coatings and cleanup materials, i.e., (e)/(f), in pounds per hour (average).

[Note: The coating information must be for the coatings as employed, including any thinning solvents added at the emissions unit.]
2. The permittee shall also collect and record the following information for each month for the coating operation:
  - a. The total number of gallons of all coatings employed.
  - b. The total number of gallons of all cleanup materials employed.

**D. Reporting Requirements**

1. The permittee shall notify the Director (the Ohio EPA, Central District Office) in writing of the following:

- a. Any daily record showing that the coating line employs more than the applicable maximum daily coating usage limit.
- b. Any daily record showing that the coating line employs a coating with an OC content in excess of the limit.
- c. Any daily record showing that the coating line exceeds the hourly OC emission limit.
- d. Any monthly record showing that the coating line employs more than the applicable maximum monthly coating usage limit.
- e. Any monthly record showing that the coating line employs more than the applicable maximum monthly cleanup material usage limit.

The notification shall include a copy of such record(s) and shall be sent to the Director (the Ohio EPA, Central District Office) within 45 days after the exceedance(s) occurs (occur).

**E. Testing Requirements**

1. Compliance with the emission limitation(s) in Section A.1 of these terms and conditions shall be determined in accordance with the following method(s):  
Emission Limitation:  
OC emissions shall not exceed 2.68 pounds per hour.  
  
Applicable Compliance Method:  
Compliance shall be determined based upon the records required pursuant to Section C. Formulation data or USEPA Method 24 shall be used to determine the OC contents of the coatings and cleanup materials.

**F. Miscellaneous Requirements**

1. None
