

Facility ID: 0247040919 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION

Facility ID: 0247040919 Emissions Unit ID: F001 Issuance type: Final State Permit To Operate

Part II - Special Terms and Conditions

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.
 - (a) None.
2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.
 - (a) None.

A. Applicable Emissions Limitations and/or Control Requirements

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

<u>Operations, Property, and/or Equipment</u>	<u>Applicable Rules/Requirements</u>	<u>Applicable Emissions Limitations/Control Measures</u>
Paved and Unpaved Roadways and Parking Areas	OAC Rule 3745-17-07(B)(4)	There shall be no visible particulate emissions from any paved roadway or parking area except for a period of time not to exceed six minutes during any sixty-minute observation period.
Paved and Unpaved Roadways and Parking Areas	OAC Rule 3745-17-08(B)(8)	The paving of roadways and the maintaining of roadways in a clean condition.
Paved and Unpaved Roadways and Parking Areas	OAC Rule 3745-17-08(B)(9)	The prompt removal, in such a manner as to minimize or prevent resuspension, of earth or other material from paved streets onto which earth or other material has been deposited by trucking or earth moving equipment or erosion by water or other means. The periodic application of asphalt, oil, water, or other suitable dust suppression chemicals on dirt or gravel roads and parking lots, and other surfaces which can cause emissions of fugitive dust.
Paved and Unpaved Roadways and Parking Areas	PTI # 02-9735	Particulate (PM) emissions limited to 0.74 tons per year.
Paved and Unpaved Roadways and Parking Areas	OAC Rule 3745-17-07(B)(5)	There shall be no visible particulate emissions from any unpaved roadway or parking area except for a period of time not to exceed thirteen minutes during any sixty-minute observation period.

2. Additional Terms and Conditions

- (a) Control of Fugitive Dust from Roadways and Parking Areas:

The roadways and parking areas at this facility shall be treated with water or any other dust suppressant, or (for paved areas) swept and cleaned regularly with appropriate equipment, in order to minimize or eliminate at all times visible emissions of fugitive dust generated by vehicular traffic. Frequency of application of water and/or dust suppressant shall be as needed. This term and condition shall be waived during wet weather conditions when there is sufficient moisture to prevent visible emissions of fugitive dust.

Any material carried off of the source owner's property and deposited onto the city streets by vehicular traffic or by erosion by water, etc., shall be promptly removed and disposed of properly in such a manner so as to minimize or prevent further fugitive dust emissions.

A maximum speed limit of five (5) miles per hour for vehicular traffic shall be posted and enforced on the roadways and parking areas of this facility.

Open bodied vehicles transporting, either onto or from this facility, materials which are likely to become airborne shall be covered at all times.

B. Operational Restrictions

1. None

C. Monitoring and/or Record Keeping Requirements

1. Recordkeeping:

An operations log shall be kept at this facility to record the date, time, and amount of dust suppressant application used on unpaved surfaces, or confirmation of sweeping of paved surfaces, for fugitive dust control. This record shall be kept on site for a period of at least five (5) years and shall be made available for review by Ohio EPA personnel upon request.

D. Reporting Requirements

1. None

E. Testing Requirements

1. None

F. Miscellaneous Requirements

1. In accordance with OAC rule 3745-15-07, the operation or use of this source of air contaminants shall not cause public a nuisance.
