Re: Modification to Permit to Install No. 08-376  
Miami County

Beatreme Foods Co.  
400 Hazel Street, P.O. Box 37  
Covington, OH 45318

Attention: Thomas Gabel

Dear Sir:

Enclosed please find a modification to the Ohio EPA Permit to Install referenced above which will modify the terms and conditions and the facility name.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Board of Review pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the Environmental Board of Review within thirty (30) days after notice of the Director's action. A copy of the appeal must be served on the Director of the Ohio Environmental Protection Agency and the Environmental Law Division of the Office of the Attorney General within three (3) days of filing with the Board. An appeal may be filed with the Environmental Board of Review at the following address: Environmental Board of Review, 236 East Town Street, Room 300, Columbus, OH 43215.

Very truly yours,

Thomas G. Rigo, Manager  
Field Operations and Permit Section  
Division of Air Pollution Control

Enclosure

CONTROL AGENCY

Issuance Date: July 31, 1991

Effective Date: July 31, 1991

**OHIO ENVIRONMENTAL PROTECTION AGENCY**

**MODIFICATION TO PERMIT TO INSTALL**

Name of Applicant: Beatreme Foods Co.  
Address: 400 Hazel Street  
City: Covington, OH  
Telephone:

The Ohio EPA has received a request for a modification for the Ohio EPA Permit to Install referenced above.

The Permit to Install issued to Beatreme Foods Co. (PTI No. 08-376) is hereby modified in the following manner:

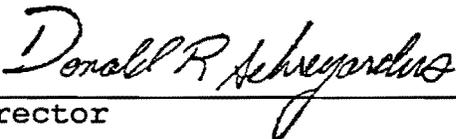

Terms and Conditions on Pages 2 and 3 of Permit to Install issued June 15, 1981.

The reason for the modification is:

To reflect the correct facility ownership and name and to include commensurate additional special terms and conditions.

The above named entity is hereby granted a modification to the permit to install described above pursuant to Chapter 3745-31 of the Ohio Administrative Code. Issuance of this modification does not constitute expressed or implied approval or agreement that, if constructed or modified in accordance with the plans included in the application, the above described source(s) of environmental pollutants will operate in compliance with applicable State and Federal laws and regulations, and does not constitute expressed or implied assurance that if constructed or modified in accordance with those plans included in the application, the above described source(s) of pollutants will be granted the necessary operating permits.

Ohio Environmental Protection Agency

Director

Substantial construction for installation must take place within eighteen months of the effective date of this permit. This deadline may be extended by up to twelve months, if application is made to the Director no less than sixty days before the expiration of this permit and the party shows good cause for any such extension.

The Director of the Ohio Environmental Protection Agency, or his authorized representatives, may enter upon the premises of the above named applicant during construction and operation at any reasonable time for the purpose of making inspections, conducting tests, examining records or reports pertaining to the construction, modification or installation of the above described source of environmental pollutants.

The proposed source shall be constructed in strict accordance with the plans and application submitted for this permit to the Director of the Ohio Environmental Protection Agency. There may be no deviation from the approved plans without the express, written approval of the Agency. Any deviations from the approved plans or the above conditions may lead to such sanctions and penalties as provided under Ohio law. Approval of these plans does not constitute an assurance that the proposed facilities will operate in compliance with all Ohio laws and regulations. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed sources are inadequate or cannot meet applicable standards.

The specified permit fee must be remitted within 15 days of the effective date of this permit in install.

This permit shall apply only to the source(s) shown on the application approved by the Ohio Environmental Protection Agency.

Special Terms and Conditions

1. Approval to install the spray drying plant is hereby granted to **Beatreme Foods Co.** subject to the conditions expressed herein and consistent with the materials and data included in the application filed by the company. Any departure from the conditions of this approval or the terms expressed in the application must receive prior written authorization of the local air agency (Regional Air Pollution Control Agency) and Ohio Environmental Protection Agency.
2. Visible emissions shall not exceed zero percent opacity.
3. The maximum hourly process weight shall not exceed 9.0 tons per hour.

4. The spray drying process shall be controlled with cyclones identified as Niro Atomizer CHE 2500 in conjunction with a baghouse identified as Flex-Kleen 100-WMW-480 X L 111. The actual control efficiencies of the above equipment is anticipated to be no less than 97% and 99% respectively.
5. Installation and proper maintenance of the control equipment technology specified in Condition #4 in conjunction with no visible emissions shall constitute Best Available Control Technology (BACT) for this source.
6. Beatreme Foods Co. is hereby notified that this permit, and all agency records concerning the operation of this permitted source are subject to public disclosure in accordance with OAC Rule 3745-47-20.

7. MALFUNCTION/ABATEMENT

In accordance with OAC Rule 3745-15-06, any malfunction of the source(s) or associated air pollution control system(s) shall be reported immediately to the Regional Air Pollution Control Agency.

Except as provided by OAC Rule 3745-15-06(A)(3), scheduled maintenance of air pollution control equipment that requires the shutdown or bypassing of air pollution control system(s) must be accompanied by the shutdown of the associated air pollution sources.

ADDITIONAL SPECIAL TERMS AND CONDITIONS:

1. MAINTENANCE OF EQUIPMENT

This source and its associated air pollution control system(s) shall be maintained regularly in accordance with good engineering practices and the recommendations of the respective manufacturers in order to minimize air contaminant emissions.

2. This facility shall initiate an inspection and maintenance program designed to help ensure the control equipment is operating in accordance with the manufacturer's specifications. Such an I an M program shall outline the specific steps taken and/or the specific items checked on a routine basis to ensure proper operation of the control equipment adjoining the above referenced sources.

3. This facility shall install, operate, and maintain equipment to continuously monitor pressure drop across each collector.

4. This facility shall install, operate and maintain a baghouse malfunction monitor (of the triboflow type). Additionally, the readings generated by this monitor shall be recorded a minimum of once per shift (8 hrs).

5. RECORD(S) RETENTION AND AVAILABILITY

All records required by this Permit to Install shall be retained on file for a period of not less than two years unless otherwise indicated by Ohio Environmental Protection Agency. All records shall be made available to the Director, or any authorized representative of the Director, for review during normal business hours.

6. This facility shall operate and maintain the source in such a manner as to not cause a violation of OAC Rule 3745-15-07, Air Pollution Nuisance Prohibited.

7. The owner/operator shall comply with any applicable state and federal requirements governing the storage, treatment, transport, and disposal of any waste material generated by the operation of this source.

8. A Permit to Operate application and a \$15 application fee must be submitted to the appropriate field office for the source described in this Permit to Install.
