Dear Sir:

Enclosed please find an Ohio EPA Permit to Install which will allow you to install the described source(s) in a manner indicated in the permit. Because this permit contains several conditions and restrictions I urge you to read it carefully.

You are hereby notified that this action by the Director is final and may be appealed to the Ohio Environmental Board of Review pursuant to Chapter 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the Environmental Board of Review within thirty (30) days after notice of the Director's action. A copy of the appeal must be served on the Director of the Ohio Environmental Protection Agency and the Environmental Law Division of the Office of the Attorney General within three (3) days of filing with the Board. An appeal may be filed with the Environmental Board of Review at the following address:

Environmental Board of Review
 236 East Town Street, Room 300
 Columbus, Ohio 43215

Very truly yours,

Thomas G. Rigo

Permit to Install Terms and Conditions

Application No. 08-1316
APS Premise No. 0812760447
Permit Fee: \$200.

Name of Facility: RON'S DEMOLITION DISPOSAL, #1

Person to Contact: RONALD E. BROWN

Address: 740 WHITE OAK DR
SPRINGFIELD, OHIO 45504

Location of proposed source(s): 2600 MECHANISBURG RD
MOOREFIELD TWP, OHIO

Description of proposed source(s): CONSTRUCTION/DEMOLITION DISPOSAL
LANDFILL.

Date of Issuance: JUNE 2, 1988

Effective Date: JUNE 2, 1988

The above named entity is hereby granted a permit to install for the above described source(s) pursuant to Chapter 3745-31 of the Ohio Administrative Code. Issuance of this permit does not constitute expressed or implied approval or agreement that, if constructed or modified in accordance with the plans included in the application, the above described source(s) of environmental pollutants will operate in compliance with applicable State and Federal laws and regulations, and does not constitute expressed or implied assurance that if constructed or modified in accordance with those plans and specifications, the above described source(s) of pollutants will be granted the necessary permits to operate (air) or NPDES permits as applicable.

This permit is granted subject to the conditions attached hereto.

Ohio Environmental Protection Agency

Director

EPA 3156

Substantial construction for installation must take place within eighteen months of the effective date of this permit. This deadline may be extended by up to twelve months, if application is made to the Director within a reasonable time before the termination date and the party shows good cause for any such extension.

The Director of the Ohio Environmental Protection Agency, or his authorized representatives, may enter upon the premises of the above-named applicant during construction and operation at any reasonable time for the purpose of making inspections, conducting tests, examining records or reports pertaining to the construction, modification or installation of the above described source of environmental pollutants.

As specified in OAC Rule 3745-31-05, all new sources must employ Best Available Technology (BAT). Compliance with the terms and conditions of this permit will fulfill this requirement.

The specified permit fee must be remitted within 15 days of the effective date of this permit to install.

If the construction of the proposed source has already begun or has been completed prior to the date the Director of the Ohio Environmental Protection Agency approves the permit application and plans, the approval does not constitute expressed or implied assurance that the proposed facility has been constructed in accordance with the approved plans. The action of beginning and/or completing construction prior to obtaining the Director's approval constitutes a violation of OAC Rule 3745-31-02.

Furthermore, issuance of the Permit to Install does not constitute an assurance that the proposed source will operate in compliance with all Ohio laws and regulations. Approval of the plans in any case is not to be construed as an approval of the facility as constructed and/or completed. Moreover, issuance of the Permit to Install is not to be construed as a waiver of any rights that the Ohio Environmental Protection Agency (or other persons) may have against the applicant for starting construction prior to the effective date of the permit. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed facilities prove to be inadequate or cannot meet applicable standards.

EMISSION SUMMARY

The air contaminant sources listed below comprise the Permit to Install for Ron's Demolition Disposal #I located in Clark County. The sources listed below shall not exceed the emission limits/control requirements contained in the following table:

ADDITIONAL SPECIAL TERMS AND CONDITIONS

1. The owner or operator of this facility shall not open burn any material without first applying for and obtaining an open burning permit from the Ohio EPA.
2. The owner or operator of this facility shall not install any air contaminant source other than those listed in the Emission Summary above, including a gas recovery system, fuel-fired boiler, or diesel generator without first obtaining a Permit to Install from the Ohio EPA.

3. Unpaved Roadways and Parking Areas

In accordance with the requirements of Paragraph (B) of OAC Rule 3745-17-08:

- a. Ron's Demolition Disposal shall apply water or suitable dust suppressant chemicals as often as necessary on all unpaved roads and parking areas in order to minimize or eliminate visible emissions of fugitive dust. Waste oil or brine from oil and gas production wells shall not be used as a dust suppressant.
- b. Speed zones of no more than 10 miles per hour shall be established, posted and enforced by the owner or operator for all vehicles operating within the facility.
- c. Transporters of all loads of dusty material shall be required to tarp or cover the material.

4. Prohibition of Asbestos Disposal

This permit does not provide for the acceptance of any asbestos or asbestos-containing waste material that is subject to the provisions of the NESHAP, 40 CFR Part 61, Subpart M. No such asbestos or asbestos-containing waste material may be accepted without first applying for and obtaining a Permit to Install from the Ohio EPA.

This condition in no way limits the applicability of any other state or federal regulation.

APPLICABILITY

This Permit to Install is applicable only to the air contaminant sources listed and does not include the installation or modification of wastewater disposal systems or solid waste disposal facilities. Separate application must be made to the Director for the installation or modification of any such wastewater disposal systems or solid waste disposal facilities.

CONSTRUCTION STATUS

The Regional Air Pollution Control Agency, 451 W. Third St., Dayton, Ohio 45422 shall be notified in writing as to (a) the construction starting date (b) the construction completion date and (c) the date the facilities were placed into operation.

PERMIT TO OPERATE APPLICATION

A Permit to Operate Application and a \$15 application fee must be submitted to the appropriate field office for each source in this Permit to Install. In accordance with OAC rule 3745-35-02, the application shall be made at least ninety days prior to start-up of the source.

PUBLIC DISCLOSURE

The facility is hereby notified that this permit, and all agency records concerning the operation of this permitted source are subject to public disclosure in accordance with OAC Rule 3745-49-03.
