CERTIFIED MAIL

ATTN: JIM MUCHIARONE

Dear Sir:

Enclosed please find an Ohio EPA Permit to Install which will allow you to install the described source(s) in a manner indicated in the permit. Because this permit contains several conditions and restrictions I urge you to read it carefully.

You are hereby notified that this action by the Director is final and may be appealed to the Ohio Environmental Board of Review pursuant to Chapter 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the Environmental Board of Review within thirty (30) days after notice of the Director's action. A copy of the appeal must be served on the Director of the Ohio Environmental Protection Agency and the Environmental Law Division of the Office of the Attorney General within three (3) days of filing with the Board. An appeal may be filed with the Environmental Board of Review at the following address:

Environmental Board of Review
250 East Town Street, Room 101
Columbus, Ohio 43215

Very truly yours,

Thomas G. Rigo, Manager
Field Operations Section
Division of Air Pollution Control

Permit to Install Terms and Conditions

Application No. 02-2714
APS Premise No. 0204010230
Permit Fee: \$800.

Name of Facility: MOLDED FIBER GLASS CO PLT #2

Person to Contact: JIM MUCHIARONE

Address: P.O. BOX 675
ASHTABULA, OHIO 44004

Location of proposed source(s): W 29TH ST & VIVIAN CT
ASHTABULA, OHIO

Description of proposed source(s): 2 PAINT SPRAY BOOTHS & 2 PAINT
CURE OVENS USED TO COAT FIBERGLASS
REINFORCED PLASTIC PRODUCTS.

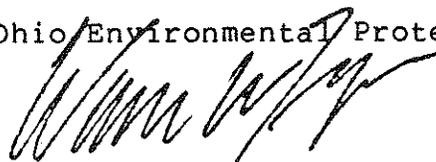

Date of Issuance: SEPTEMBER 24, 1986

Effective Date: SEPTEMBER 24, 1986

The above named entity is hereby granted a permit to install for the above described source(s) pursuant to Chapter 3745-31 of the Ohio Administrative Code. Issuance of this permit does not constitute expressed or implied approval or agreement that, if constructed or modified in accordance with the plans included in the application, the above described source(s) of environmental pollutants will operate in compliance with applicable State and Federal laws and regulations, and does not constitute expressed or implied assurance that if constructed or modified in accordance with those plans and specifications, the above described source(s) of pollutants will be granted the necessary permits to operate (air) or NPDES permits as applicable.

This permit is granted subject to the conditions attached hereto.

Substantial construction for installation must take place within eighteen months of the effective date of this permit. This deadline may be extended by up to twelve months, if application is made to the Director no less than sixty days before the expiration of this permit and the party shows good cause for any such extension.

The Director of the Ohio Environmental Protection Agency, or his authorized representatives, may enter upon the premises of the above-named applicant during construction and operation at any reasonable time for the purpose of making inspections, conducting tests, examining records or reports pertaining to the construction, modification or installation of the above described source of environmental pollutants.

The proposed source shall be constructed in strict accordance with the plans and application submitted for this permit to the Director of the Ohio Environmental Protection Agency. There may be no deviation from the approved plans without the express, written approval of the Agency. Any deviations from the approved plans or the above conditions may lead to such sanctions and penalties as provided under Ohio law. Approval of these plans does not constitute an assurance that the proposed facilities will operate in compliance with all Ohio laws and regulations. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed sources are inadequate or cannot meet applicable standards.

The specified permit fee must be remitted within 15 days of the effective date of this permit to install.

This permit shall apply only to the source(s) shown on the application approved by the Ohio Environmental Protection Agency.

The air contaminant sources listed below comprise the Permit to Install issued to Molded Fiber Glass Company - Plant #2, located in Ashtabula County. Emissions from the sources shall not exceed the limits specified below:

<u>OEPA Source No.</u>	<u>Source and Identification</u>	<u>Applicable OAC Rule</u>	<u>Annual Emissions (T/YR)</u>
R003	Prime Coat Spray Booth	3745-21-07(G) 3745-31-05	9.75
R004	Finish Coat Spray Booth	"	9.75
P004	Prime Coat Cure Oven	"	2.73
P005	Finish Coat Cure Oven	"	2.73

APPLICATION NO 02-2714
PAGE 3
SEPTEMBER 24, 1986

As specified in OAC 3745-31-05, all new sources must at a minimum, employ Best Available Technology (BAT).

For source numbers R003 and R004, BAT has been determined to be the use of non-photochemically reactive coating materials or the emission of no more than 40 pounds per day, as well as no more than 8 pounds in any one hour, of photochemically reactive organic materials, per spray booth, as per OAC Rule 3745-21-07(G)(2). Total emissions of photochemically reactive materials shall not exceed 7.3 TPY.

For source numbers P004 and P005, BAT has been determined to be the emission of no more than 15 pounds per day, as well as no more than 3 pounds in any one hour, of organic materials.
