

Facility ID: 0317030050 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

\*\*\*THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION\*\*\*

**Part II - Special Terms and Conditions**

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.
  - (a) None.
2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.
  - (a) None.

**A. Applicable Emissions Limitations and/or Control Requirements**

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

<u>Operations, Property, and/or Equipment</u>	<u>Applicable Rules/Requirements</u>	<u>Applicable Emissions Limitations/Control Measures</u>
dirt race track w/ water suppression	3745-17-07(B)(5) 3745-17-08(B) 3745-17-08(A)(2)	See AT&C 2.1 See AT&C 2.3 See AT&C 2.2

**2. Additional Terms and Conditions**

- (a) There shall be no visible particulate emissions from any one part of the race track except for a period of time not to exceed 13 minutes during any 60-minute observation period.
- (b) Although this emissions unit is not located in an Appendix A area, it has been determined that probable cause exists to believe that the emissions unit previously caused a public nuisance in violation of OAC rule 3745-15-07. Therefore, pursuant to OAC rule 3745-17-08(A)(2), the emissions unit shall comply with visible particulate emissions limitation and reasonably available control measure requirements of OAC rules 3745-17-07(B) and 3745-17-08(B), respectively
- (c) The permittee shall apply dust suppressants to the unpaved race track to minimize or eliminate, at all times, visible emissions of fugitive dust generated by vehicular traffic. Water shall be used as the dust suppressant, and the following equipment shall be used for the periodic applications: water truck and/or hose. The dust suppressant shall be applied to the race track, at a minimum, once each day when the race track is in use. This term and condition shall be waived during wet conditions when there is sufficient moisture or during freezing conditions which prevent visible emissions of fugitive dust in excess of the visible emissions limitations.

Any material carried off of the permittee's property and deposited onto public streets by vehicular traffic or by erosion by water, etc., shall be promptly removed and disposed of properly to minimize or prevent resuspension.

**B. Operational Restrictions**

1. None

**C. Monitoring and/or Record Keeping Requirements**

1. The permittee shall maintain records which include the following information for the unpaved race track:
  - a. The date dust suppressants were applied to the unpaved surfaces.
  - b. The portions of unpaved surfaces that were treated with dust suppressants.
  - c. The application rate of water (gallons per square yard).
  - d. The name of the equipment operator responsible for the application of the dust suppressants.

**D. Reporting Requirements**

1. None

**E. Testing Requirements**

1. Compliance with the emission limitation(s) in Section A.1. of these terms and conditions shall be determined in accordance with the following method(s):  
Emission Limitation-

No visible particulate emissions except for a period not to exceed 13 minutes in any 60-minute period

Applicable Compliance Method-  
OAC rule 3745-17-03(B)(4)

F. **Miscellaneous Requirements**

1. None
