HARTVILLE, OHIO 44632

ATTN: RICHARD ROHRIG

Dear Sir:

Enclosed please find an Ohio EPA Permit to Install which will allow you to install the described source(s) in a manner indicated in the permit. Because this permit contains several conditions and restrictions I urge you to read it carefully.

You are hereby notified that this action by the Director is final and may be appealed to the Ohio Environmental Board of Review pursuant to Chapter 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the Environmental Board of Review within thirty (30) days after notice of the Director's action. A copy of the appeal must be served on the Director of the Ohio Environmental Protection Agency and the Environmental Law Division of the Office of the Attorney General within three (3) days of filing with the Board. An appeal may be filed with the Environmental Board of Review at the following address:

Environmental Board of Review  
250 East Town Street, Room 101  
Columbus, Ohio 43215

Very truly yours,

Thomas G. Rigo, Manager  
Field Operations Section  
Division of Air Pollution Control

## Permit to Install Terms and Conditions

Application No. 15-236  
APS Premise No. 1576011509  
Permit Fee: \$600.

Name of Facility: BUCKEYE PACKAGING CO INC

Person to Contact: RICHARD ROHRIG

Address: P.O. BOX 426  
HARTVILLE, OHIO 44632

Location of proposed source(s): 12223 MARLBORO AVE  
MARLBORO TWP, OHIO

Description of proposed source(s): 3 FLEXOGRAPHIC PRINTING PRESSES  
W/NO CONTROLS.

Date of Issuance: AUGUST 6, 1986

Effective Date: AUGUST 6, 1986

The above named entity is hereby granted a permit to install for the above described source(s) pursuant to Chapter 3745-31 of the Ohio Administrative Code. Issuance of this permit does not constitute expressed or implied approval or agreement that, if constructed or modified in accordance with the plans included in the application, the above described source(s) of environmental pollutants will operate in compliance with applicable State and Federal laws and regulations, and does not constitute expressed or implied assurance that if constructed or modified in accordance with those plans and specifications, the above described source(s) of pollutants will be granted the necessary permits to operate (air) or NPDES permits as applicable.

This permit is granted subject to the conditions attached hereto.

Ohio Environmental Protection Agency

APPLICATION NO 15-236  
PAGE 2  
AUGUST 6, 1986

Substantial construction for installation must take place within eighteen months of the effective date of this permit. This deadline may be extended by up to twelve months, if application is made to the Director no less than sixty days before the expiration of this permit and the party shows good cause for any such extension.

The Director of the Ohio Environmental Protection Agency, or his authorized representatives, may enter upon the premises of the above named applicant during construction and operation at any reasonable time for the purpose of making inspections, conducting tests, examining records or reports pertaining to the construction, modification or installation of the above described source of environmental pollutants.

If the construction of the proposed source has already begun or has been completed prior to the date the Director of the Ohio Environmental Protection Agency approves the permit application and plans, the approval does not constitute expressed or implied assurance that the proposed facility has been constructed in accordance with the approved plans. The action of beginning and/or completing construction prior to obtaining the Director's approval constitutes a violation of OAC Rule 3745-31-02. Furthermore, issuance of the Permit to Install does not constitute an assurance that the proposed source will operate in compliance with all Ohio laws and regulations. Approval of the plans in any case is not to be construed as an approval of the facility as constructed and/or completed. Moreover, issuance of the Permit to Install is not to be construed as a waiver of any rights that the Ohio Environmental Protection Agency (or other persons) may have against the applicant for starting construction prior to the effective date of the permit. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed facilities prove to be inadequate or cannot meet applicable standards.

The specified permit fee must be remitted within 15 days of the effective date of this permit to install.

This permit shall apply only to the source(s) shown on the application approved by the Ohio Environmental Protection Agency.

Emissions from the source shall not exceed the limits specified below:

<u>Ohio EPA Source No</u>	<u>Source and Identification</u>	<u>BAT Determination</u>	<u>Applicable OAC Rule</u>	<u>Annual Emissions Tons/Year</u>
P001	Press No.1	Annual usage	3745-31-05	20 VOC is the total for 3 presses
P002	Press No. 2	not to exceed	3745-21-09	
P003	Press No. 3 Printing on LDPE with flexographic inks	7170 gal/yr of flexographic inks	(Y)	

SUMMARY

TOTAL EMISSIONS - SOURCE

<u>Pollutant</u>	<u>Tons/Year</u>
VOC	20

As specified in OAC 3745-31-05, all new sources must, at a minimum, employ Best Available Technology (BAT). The following terms and conditions fulfill these requirements.

- a. BAT for the three (3) presses consists of the limited use of flexographic inks. The maximum allowable usage of inks is 7,170 gallons per year.
- b. The VOC content of the inks shall not exceed 6.0 pounds per gallon.
- c. This facility shall maintain monthly records which list the following information for each (surface coating) employed in this source:
  - 1. The company identification of the surface coating;
  - 2. The number of gallons employed;
  - 3. The VOC content in pounds of VOC per gallon of coating;
  - 4. The VOC content in pounds of VOC per gallon of coating, minus water;
  - 5. The water content, in percent by volume; and
  - 6. The nonvolatile (solids) content, in percent by volume.

These monthly records, as well as any supporting coating or ink analyses and computations, shall be retained in the company's files for a period of not less than two (2) years and shall be made available to the Director, or any authorized representative of the Director, for review during normal business hours.

APPLICATION NO 15-236

PAGE 4

AUGUST 6, 1986

This facility shall submit semi-annual reports to the Ohio EPA field office which summarize the following information for each coating employed in this source during the previous six calendar months: company identification of the surface coating, the total number of gallons employed, the VOC content (in pounds VOC per gallon of coating, minus water), the water content and the non-volatile (solids) content. The reports shall be submitted by February 15 and August 15 of each year and shall cover the previous six calendar months (July through December and January through June, respectively).
