

PERMIT TO OPERATE AN AIR CONTAMINANT SOURCE

Date of Issuance 10/20/89

Application No. 1576130697F001

Effective Date 10/20/89

Permit Fee \$100

This document constitutes issuance to:

LTV STEEL COMPANY, INC.
401 ROSE AVE SE
MASSILLON

OHIO 44646

of a permit to operate for:

PLANT ROADWAYS AND PARKING LOTS
PLANT ROADWAYS AND PARKING LOTS (ROSE AVE.)

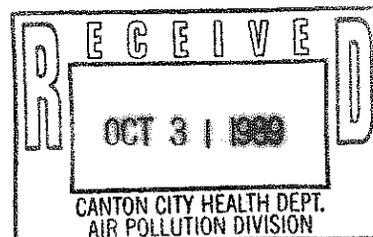

The following terms and conditions are hereby expressly incorporated into this permit to operate:

1. This permit to operate shall be effective until 10/20/92
You will be contacted approximately six months prior to this date regarding the renewal of this permit. If you are not contacted, please write to the appropriate Ohio EPA field office.
2. The above-described source is and shall remain in full compliance with all applicable State and federal laws and regulations and the terms and conditions of this permit.
3. Prior to any modification of this source, as defined in rule 3745-31-01 of the Ohio Administrative Code (OAC), a permit to install must be granted by the Ohio EPA pursuant to OAC Chapter 3745-31.
4. The Director of the Ohio EPA or an authorized representative may, subject to the safety requirements of the permit holder, enter upon the premises of this source at any reasonable time for purposes of making inspections, conducting tests, examining records or reports pertaining to any emission of air contaminants, and determining compliance with any applicable State and federal air pollution laws and regulations and the terms and conditions of this permit.
5. A permit fee in the amount specified above must be remitted within 15 days from the issuance date of this permit.
6. Any transferee of this permit shall assume the responsibilities of the prior permit holder. The appropriate Ohio EPA field office must be notified in writing of any transfer of this permit.
7. This source and any associated air pollution control system(s) shall be maintained regularly in accordance with good engineering practices in order to minimize air contaminant emissions. Any malfunction of this source or any associated air pollution control system(s) shall be reported immediately to the appropriate Ohio EPA field office in accordance with OAC rule 3745-15-06. Except as provided in that rule, any scheduled maintenance or malfunction necessitating the shutdown or bypassing of any air pollution control system(s) shall be accompanied by the shutdown of this source.
8. Any unauthorized or emergency release of an air contaminant from this source which, due to the toxic or hazardous nature of the material, may pose a threat to public health, or otherwise endanger the safety or welfare of the public, shall be reported immediately to the appropriate Ohio EPA field office (during normal business hours) or to the Ohio EPA's Emergency Response Group (1-800-282-9378). (Additional reporting may be required pursuant to the federal Comprehensive Environmental Response, Compensation, and Liability Act.)
9. The appropriate Ohio EPA field office is:
 DIV. OF AIR POLLUTION CNTRL CANTON CITY HEALTH DEPT.
 THIRD FLOOR, CITY HALL
 CANTON, OH 44702 (216) 489-3385
10. If this term and condition is checked, the permit holder is subject to the attached special terms and conditions.

OHIO ENVIRONMENTAL PROTECTION AGENCY

Director

APPLICATION NUMBER: 15 76 13 0697 F001
FACILITY NAME: LTV Steel Company, Inc.
EQUIPMENT DESCRIPTION: Plant Roadways and Parking Lots
COMPANY ID: Plant Roadways and Parking Lots (Rose Ave.)

SPECIAL TERMS AND CONDITIONS

1. The following rules of the Ohio Administrative Code establish the applicable emission limitations and/or control requirements of this source:

3745-17-08 (B)(2)

(This condition in no way limits the applicability of other requirements of the Ohio Administrative Code to this source.)

2. For Fugitive Dust Sources:

The allowable mass emission limitation requirement for the property identified above is specified in the following table:

<u>Property</u>	<u>Allowable Mass Emissions Limitations and/or Control Requirements</u>
Roadways & Parking Areas	A. Fugitive dust from plant roadways and parking lots shall be controlled so as to minimize or eliminate visible emissions. B. Paved surfaces shall be cleaned by sweeping and water flushing as needed. C. Unpaved surfaces shall be treated at least twice per year with roadway chemical stabilizers.

3. Record-Keeping and Reporting Requirements for Fugitive Dust Control Measures Applied to All Roadways and Parking Areas:

This facility shall maintain monthly records which list the following information for all parking areas and roadways:

- A. Date and time when sweeping, flushing, or chemical suppressants were applied to the subject roadways and parking areas.
B. Cite the specific type control measure used, who performed the application, and what particular roadway segments and parking areas received the fugitive dust control applications.
4. Inactive unpaved roadways and parking areas will be examined twice a year (spring and fall) for chemical stabilization from previous surface treatment.

LTV Steel Company Inc.
