**RE: FINAL PERMIT TO INSTALL  
SENECA COUNTY**

**CERTIFIED MAIL**

Street Address:

122 S. Front Street

Lazarus Gov. Center TELE: (614) 644-3020 FAX: (614) 644-2329

Mailing Address:

Lazarus Gov. Center  
P.O. Box 1049

**Application No: 03-17030**

**Fac ID: 0374010199**

**DATE: 8/15/2006**

Sunny Farms Landfill  
John Walker  
12500 West County Road 18  
Fostoria, OH 44830

Enclosed please find an Ohio EPA Permit to Install which will allow you to install the described source(s) in a manner indicated in the permit. Because this permit contains several conditions and restrictions, I urge you to read it carefully.

The Ohio EPA is urging companies to investigate pollution prevention and energy conservation. Not only will this reduce pollution and energy consumption, but it can also save you money. If you would like to learn ways you can save money while protecting the environment, please contact our Office of Pollution Prevention at (614) 644-3469.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission  
309 South Fourth Street, Room 222  
Columbus, OH 43215

Sincerely,

Michael W. Ahern, Manager  
Permit Issuance and Data Management Section  
Division of Air Pollution Control

CC: USEPA

NWDO

**Permit To Install  
Terms and Conditions**

**Issue Date: 8/15/2006  
Effective Date: 8/15/2006**

---

**FINAL PERMIT TO INSTALL 03-17030**

Application Number: 03-17030  
Facility ID: 0374010199  
Permit Fee: **\$2500**  
Name of Facility: Sunny Farms Landfill  
Person to Contact: John Walker  
Address: 12500 West County Road 18  
Fostoria, OH 44830

Location of proposed air contaminant source(s) [emissions unit(s)]:  
**12500 West Seneca County Road 18  
Fostoria, Ohio**

Description of proposed emissions unit(s):  
**Railcar unloading building**

The above named entity is hereby granted a Permit to Install for the above described emissions unit(s) pursuant to Chapter 3745-31 of the Ohio Administrative Code. Issuance of this permit does not constitute expressed or implied approval or agreement that, if constructed or modified in accordance with the plans included in the application, the above described emissions unit(s) of environmental pollutants will operate in compliance with applicable State and Federal laws and regulations, and does not constitute expressed or implied assurance that if constructed or modified in accordance with those plans and specifications, the above described emissions unit(s) of pollutants will be granted the necessary permits to operate (air) or NPDES permits as applicable.

This permit is granted subject to the conditions attached hereto.

Ohio Environmental Protection Agency

Director

## Part I - GENERAL TERMS AND CONDITIONS

### A. State and Federally Enforceable Permit-To-Install General Terms and Conditions

#### 1. Monitoring and Related Recordkeeping and Reporting Requirements

- a. Except as may otherwise be provided in the terms and conditions for a specific emissions unit, the permittee shall maintain records that include the following, where applicable, for any required monitoring under this permit:
  - i. The date, place (as defined in the permit), and time of sampling or measurements.
  - ii. The date(s) analyses were performed.
  - iii. The company or entity that performed the analyses.
  - iv. The analytical techniques or methods used.
  - v. The results of such analyses.
  - vi. The operating conditions existing at the time of sampling or measurement.
- b. Each record of any monitoring data, testing data, and support information required pursuant to this permit shall be retained for a period of five years from the date the record was created. Support information shall include, but not be limited to, all calibration and maintenance records and all original strip-chart recordings for continuous monitoring instrumentation, and copies of all reports required by this permit. Such records may be maintained in computerized form.
- c. Except as may otherwise be provided in the terms and conditions for a specific emissions unit, the permittee shall submit required reports in the following manner:
  - i. Reports of any required monitoring and/or recordkeeping of federally enforceable information shall be submitted to the appropriate Ohio EPA District Office or local air agency.
  - ii. Quarterly written reports of (i) any deviations from federally enforceable emission limitations, operational restrictions, and control device operating parameter limitations, excluding deviations resulting from malfunctions reported in accordance with OAC rule 3745-15-06, that have been detected by the testing, monitoring and recordkeeping requirements specified in this permit, (ii) the probable cause of such deviations, and (iii) any corrective actions or preventive measures taken, shall be made to

**Sunny Farms Landfill**  
**PTI Application: 03-17030**  
**Issued: 8/15/2006**

**Facility ID: 0121000173**

the appropriate Ohio EPA District Office or local air agency. The written reports shall be submitted (i.e., postmarked) quarterly, by January 31, April 30, July 31, and October 31 of each year and shall cover the previous calendar quarters. See B.9 below if no deviations occurred during the quarter.

- iii. Written reports, which identify any deviations from the federally enforceable monitoring, recordkeeping, and reporting requirements contained in this permit shall be submitted (i.e., postmarked) to the appropriate Ohio EPA District Office or local air agency every six months, by January 31 and July 31 of each year for the previous six calendar months. If no deviations occurred during a six-month period, the permittee shall submit a semi-annual report, which states that no deviations occurred during that period.
  - iv. If this permit is for an emissions unit located at a Title V facility, then each written report shall be signed by a responsible official certifying that, based on information and belief formed after reasonable inquiry, the statements and information in the report are true, accurate, and complete.
- d. The permittee shall report actual emissions pursuant to OAC Chapter 3745-78 for the purpose of collecting Air Pollution Control Fees.

## **2. Scheduled Maintenance/Malfunction Reporting**

Any scheduled maintenance of air pollution control equipment shall be performed in accordance with paragraph (A) of OAC rule 3745-15-06. The malfunction, i.e., upset, of any emissions units or any associated air pollution control system(s) shall be reported to the appropriate Ohio EPA District Office or local air agency in accordance with paragraph (B) of OAC rule 3745-15-06. (The definition of an upset condition shall be the same as that used in OAC rule 3745-15-06(B)(1) for a malfunction.) The verbal and written reports shall be submitted pursuant to OAC rule 3745-15-06.

Except as provided in that rule, any scheduled maintenance or malfunction necessitating the shutdown or bypassing of any air pollution control system(s) shall be accompanied by the shutdown of the emission unit(s) that is (are) served by such control system(s).

## **3. Risk Management Plans**

If the permittee is required to develop and register a risk management plan pursuant to section 112(r) of the Clean Air Act, as amended, 42 U.S.C. 7401 et seq. ("Act"), the permittee shall comply with the requirement to register such a plan.

**4. Title IV Provisions**

If the permittee is subject to the requirements of 40 CFR Part 72 concerning acid rain, the permittee shall ensure that any affected emissions unit complies with those requirements. Emissions exceeding any allowances that are lawfully held under Title IV of the Act, or any regulations adopted thereunder, are prohibited.

**5. Severability Clause**

A determination that any term or condition of this permit is invalid shall not invalidate the force or effect of any other term or condition thereof, except to the extent that any other term or condition depends in whole or in part for its operation or implementation upon the term or condition declared invalid.

**6. General Requirements**

- a. The permittee must comply with all terms and conditions of this permit. Any noncompliance with the federally enforceable terms and conditions of this permit constitutes a violation of the Act, and is grounds for enforcement action or for permit revocation, revocation and re-issuance, or modification
- b. It shall not be a defense for the permittee in an enforcement action that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the federally enforceable terms and conditions of this permit.
- c. This permit may be modified, revoked, or revoked and reissued, for cause. The filing of a request by the permittee for a permit modification, revocation and reissuance, or revocation, or of a notification of planned changes or anticipated noncompliance does not stay any term and condition of this permit.
- d. This permit does not convey any property rights of any sort, or any exclusive privilege.
- e. The permittee shall furnish to the Director of the Ohio EPA, or an authorized representative of the Director, upon receipt of a written request and within a reasonable time, any information that may be requested to determine whether cause exists for modifying or revoking this permit or to determine compliance with this permit. Upon request, the permittee shall also furnish to the Director or an authorized representative of the Director, copies of records required to be kept by this permit. For information claimed to be confidential in the submittal to the Director, if the Administrator of the U.S. EPA requests such information, the permittee may furnish such records directly to the Administrator along with a claim of confidentiality.

**Sunny Farms Landfill**  
**PTI Application: 03-17030**  
**Issued: 8/15/2006**

**Facility ID: 0121000173**

## **7. Fees**

The permittee shall pay fees to the Director of the Ohio EPA in accordance with ORC section 3745.11 and OAC Chapter 3745-78. The permittee shall pay all applicable permit-to-install fees within 30 days after the issuance of any permit-to-install. The permittee shall pay all applicable permit-to-operate fees within thirty days of the issuance of the invoice.

## **8. Federal and State Enforceability**

Only those terms and conditions designated in this permit as federally enforceable, that are required under the Act, or any its applicable requirements, including relevant provisions designed to limit the potential to emit of a source, are enforceable by the Administrator of the U.S. EPA and the State and by citizens (to the extent allowed by section 304 of the Act) under the Act. All other terms and conditions of this permit shall not be federally enforceable and shall be enforceable under State law only.

## **9. Compliance Requirements**

- a. Any document (including reports) required to be submitted and required by a federally applicable requirement in this permit shall include a certification by a responsible official that, based on information and belief formed after reasonable inquiry, the statements in the document are true, accurate, and complete.
- b. Upon presentation of credentials and other documents as may be required by law, the permittee shall allow the Director of the Ohio EPA or an authorized representative of the Director to:
  - i. At reasonable times, enter upon the permittee's premises where a source is located or the emissions-related activity is conducted, or where records must be kept under the conditions of this permit.
  - ii. Have access to and copy, at reasonable times, any records that must be kept under the conditions of this permit, subject to the protection from disclosure to the public of confidential information consistent with ORC section 3704.08.
  - iii. Inspect at reasonable times any facilities, equipment (including monitoring and air pollution control equipment), practices, or operations regulated or required under this permit.

**Sunny Farms Landfill**  
**PTI Application: 03-17030**  
**Issued: 8/15/2006**

**Facility ID: 0121000173**

- iv. As authorized by the Act, sample or monitor at reasonable times substances or parameters for the purpose of assuring compliance with the permit and applicable requirements.
- c. The permittee shall submit progress reports to the appropriate Ohio EPA District Office or local air agency concerning any schedule of compliance for meeting an applicable requirement. Progress reports shall be submitted semiannually, or more frequently if specified in the applicable requirement or by the Director of the Ohio EPA. Progress reports shall contain the following:
  - i. Dates for achieving the activities, milestones, or compliance required in any schedule of compliance, and dates when such activities, milestones, or compliance were achieved.
  - ii. An explanation of why any dates in any schedule of compliance were not or will not be met, and any preventive or corrective measures adopted.

#### **10. Permit-To-Operate Application**

- a. If the permittee is required to apply for a Title V permit pursuant to OAC Chapter 3745-77, the permittee shall submit a complete Title V permit application or a complete Title V permit modification application within twelve (12) months after commencing operation of the emissions units covered by this permit. However, if the proposed new or modified source(s) would be prohibited by the terms and conditions of an existing Title V permit, a Title V permit modification must be obtained before the operation of such new or modified source(s) pursuant to OAC rule 3745-77-04(D) and OAC rule 3745-77-08(C)(3)(d).
- b. If the permittee is required to apply for permit(s) pursuant to OAC Chapter 3745-35, the source(s) identified in this permit is (are) permitted to operate for a period of up to one year from the date the source(s) commenced operation. Permission to operate is granted only if the facility complies with all requirements contained in this permit and all applicable air pollution laws, regulations, and policies. Pursuant to OAC Chapter 3745-35, the permittee shall submit a complete operating permit application within ninety (90) days after commencing operation of the source(s) covered by this permit.

#### **11. Best Available Technology**

As specified in OAC Rule 3745-31-05, all new sources must employ Best Available Technology (BAT). Compliance with the terms and conditions of this permit will fulfill this requirement.

#### **12. Air Pollution Nuisance**

8

**Sunny Farms Landfill**  
**PTI Application: 03-17030**  
**Issued: 8/15/2006**

**Facility ID: 0121000173**

The air contaminants emitted by the emissions units covered by this permit shall not cause a public nuisance, in violation of OAC rule 3745-15-07.

**Sunny Farms Landfill**  
**PTI Application: 03-17030**  
**Issued: 8/15/2006**

**Facility ID: 0121000173**

### **13. Permit-To-Install**

A permit-to-install must be obtained pursuant to OAC Chapter 3745-31 prior to "installation" of "any air contaminant source" as defined in OAC rule 3745-31-01, or "modification", as defined in OAC rule 3745-31-01, of any emissions unit included in this permit.

## **B. State Only Enforceable Permit-To-Install General Terms and Conditions**

### **1. Compliance Requirements**

The emissions unit(s) identified in this Permit shall remain in full compliance with all applicable State laws and regulations and the terms and conditions of this permit.

### **2. Reporting Requirements**

The permittee shall submit required reports in the following manner:

- a. Reports of any required monitoring and/or recordkeeping of state-only enforceable information shall be submitted to the appropriate Ohio EPA District Office or local air agency.
- b. Except as otherwise may be provided in the terms and conditions for a specific emissions unit, quarterly written reports of (a) any deviations (excursions) from state-only required emission limitations, operational restrictions, and control device operating parameter limitations that have been detected by the testing, monitoring, and recordkeeping requirements specified in this permit, (b) the probable cause of such deviations, and (c) any corrective actions or preventive measures which have been or will be taken, shall be submitted to the appropriate Ohio EPA District Office or local air agency. If no deviations occurred during a calendar quarter, the permittee shall submit a quarterly report, which states that no deviations occurred during that quarter. The reports shall be submitted (i.e., postmarked) quarterly, by January 31, April 30, July 31, and October 31 of each year and shall cover the previous calendar quarters. (These quarterly reports shall exclude deviations resulting from malfunctions reported in accordance with OAC rule 3745-15-06.)

### **3. Permit Transfers**

Any transferee of this permit shall assume the responsibilities of the prior permit holder.

**Sunny Farms Landfill**  
**PTI Application: 03-17030**  
**Issued: 8/15/2006**

**Facility ID: 0121000173**

The appropriate Ohio EPA District Office or local air agency must be notified in writing of any transfer of this permit.

**Sunny Farms Landfill**  
**PTI Application: 03-17030**  
**Issued: 8/15/2006**

**Facility ID: 0121000173**

**4. Authorization To Install or Modify**

If applicable, authorization to install or modify any new or existing emissions unit included in this permit shall terminate within eighteen months of the effective date of the permit if the owner or operator has not undertaken a continuing program of installation or modification or has not entered into a binding contractual obligation to undertake and complete within a reasonable time a continuing program of installation or modification. This deadline may be extended by up to 12 months if application is made to the Director within a reasonable time before the termination date and the party shows good cause for any such extension.

**5. Construction of New Sources(s)**

This permit does not constitute an assurance that the proposed source will operate in compliance with all Ohio laws and regulations. This permit does not constitute expressed or implied assurance that the proposed facility has been constructed in accordance with the application and terms and conditions of this permit. The action of beginning and/or completing construction prior to obtaining the Director's approval constitutes a violation of OAC rule 3745-31-02. Furthermore, issuance of this permit does not constitute an assurance that the proposed source will operate in compliance with all Ohio laws and regulations. Issuance of this permit is not to be construed as a waiver of any rights that the Ohio Environmental Protection Agency (or other persons) may have against the applicant for starting construction prior to the effective date of the permit. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed facilities cannot meet the requirements of this permit or cannot meet applicable standards.

**6. Public Disclosure**

The facility is hereby notified that this permit, and all agency records concerning the operation of this permitted source, are subject to public disclosure in accordance with OAC rule 3745-49-03.

**7. Applicability**

This Permit to Install is applicable only to the emissions unit(s) identified in the Permit To Install. Separate application must be made to the Director for the installation or modification of any other emissions unit(s).

**8. Construction Compliance Certification**

**Sunny Farms Landfill**  
**PTI Application: 03-17030**  
**Issued: 8/15/2006**

**Facility ID: 0121000173**

If applicable, the applicant shall provide Ohio EPA with a written certification (see enclosed form if applicable) that the facility has been constructed in accordance with the permit-to-install application and the terms and conditions of the permit-to-install. The certification shall be provided to Ohio EPA upon completion of construction but prior to startup of the source.

**9. Additional Reporting Requirements When There Are No Deviations of Federally Enforceable Emission Limitations, Operational Restrictions, or Control Device Operating Parameter Limitations (See Section A of This Permit)**

If no deviations occurred during a calendar quarter, the permittee shall submit a quarterly report, which states that no deviations occurred during that quarter. The reports shall be submitted quarterly (i.e., postmarked), by January 31, April 30, July 31, and October 31 of each year and shall cover the previous calendar quarters.

**C. Permit-To-Install Summary of Allowable Emissions**

The following information summarizes the total allowable emissions, by pollutant, based on the individual allowable emissions of each air contaminant source identified in this permit.

SUMMARY (for informational purposes only)  
TOTAL PERMIT TO INSTALL ALLOWABLE EMISSIONS

<u>Pollutant</u>	<u>Tons Per Year</u>
PE	3.91

**Sunny Farms Landfill**  
**PTI Application: 03-17030**  
**Issued: 8/15/2006**

**Facility ID: 0121000173**

**Part II - FACILITY SPECIFIC TERMS AND CONDITIONS**

**A. State and Federally Enforceable Permit To Install Facility Specific Terms and Conditions**

None

**B. State Only Enforceable Permit To Install Facility Specific Terms and Conditions**

None

**Part III - SPECIAL TERMS AND CONDITIONS FOR SPECIFIC EMISSIONS UNIT(S)**

**A. State and Federally Enforceable Section**

**I. Applicable Emissions Limitations and/or Control Requirements**

1. The specific operations(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be specified in narrative form following the table.

**Operations, Property, and/or Equipment - (F003) - Rail car unloading and subsequent truck loading of construction and demolition debris (C&DD) and other materials**

Applicable Rules/Requirements	Applicable Emissions Limitations/Control Measures
OAC rule 3745-31-05(A)(3)	fugitive particulate emissions (PE) shall not exceed 3.91 tons per year  There shall be no visible particulate emissions escaping from the enclosure except for three minutes during any sixty minute period  Utilize best available control measures that are sufficient to minimize or eliminate visible emissions of fugitive dust to the extent that the above visible emissions limitation is met (see sections A.I.2.c through A.I.2.f)  see term A.V.2 below.
OAC rule 3745-17-07(B)(1)	see A.I.2.h
OAC rule 3745-17-08(B)	see A.I.2.i
OAC rule 3745-15-07	The requirements specified by this rule are less stringent than the control measure requirements established pursuant to OAC rule 3745-31-05(A)(3).

**2. Additional Terms and Conditions**

- 2.a The material handling operations that are covered by this permit and subject to the above mentioned requirements are listed below:
  - i. unloading of materials from railcars with an excavator and subsequent loading of materials into trucks; and
  - ii. any other miscellaneous material handling operations inside the railcar unloading building (i.e. handling of material that was spilled during unloading and loading operations, etc.)

Emissions Unit ID: F003

- 2.b** The following materials and only these materials are permitted to be handled at this solid waste transfer station:
- i. Municipal Solid Waste (MSW);
  - ii. Construction and Demolition Debris (C&DD);
  - iii. Non-toxic fly ash and/or bottom ash;
  - iv. POTW sludge; and
  - iii. Category I non-friable Asbestos-Containing Material (ACM).

The materials permitted above do not exempt the permittee from complying with the rules and regulations of the Division of Solid and Infectious Waste and the Division of Hazardous Waste.

- 2.c** All of the material handling operations identified in term A.1.2.a above shall be contained within a building enclosure. Two ends of the enclosure may be open to allow the railcars and trucks to enter and exit the enclosure. Another opening may be permitted to allow the flexibility the excavator may require to operate. The enclosure shall be designed, built, and operated so that the escape of fugitive dust from the enclosure is minimized and to ensure the above visible emissions limitation is met.

- 2.d** The permittee shall install, operate and maintain a wet suppression system to minimize the fugitive dust generated from the material handling operations and to meet the above visible emissions limitation.

Any loads which appear to contain dusty materials shall be watered prior to unloading.

- 2.e** During the handling of any load of dusty material in which the material becomes airborne, the material shall be watered as necessary to minimize visible particulate emissions of fugitive dust.

- 2.f** The permittee shall ensure that the unloading of materials from the rail cars and the subsequent loading of materials into trucks shall be done in a manner that will minimize the drop height of the materials.

- 2.g** All materials shall be inspected and all shipping papers reviewed prior to unloading to assure no undesirable materials are included in the shipment. No Regulated Asbestos-Containing Materials (RACM), hazardous wastes, infectious wastes, materials contaminated with radioactive materials, or materials contaminated with PCBs shall be handled in this emissions unit.

- 2.h** This emissions unit is exempt from the visible particulate emission limitations specified in OAC rule 3745-17-07(B) pursuant to OAC rule 3745-17-07(B)(11)(e).

Emissions Unit ID: F003

- 2.i** Sunny Farms Landfill, LLC is not located within an "Appendix A" area as identified in OAC rule 3745-17-08. Therefore, pursuant to OAC rule 3745-17-08(A), this emissions unit is exempt from the requirements of OAC rule 3745-17-08.

## **II. Operational Restrictions**

1. This facility shall be limited to transferring no more than 5,000 tons of material per day in this emissions unit.
2. The facility shall be limited to transferring material in this emissions unit for no more than 12 hours per day and 313 days per year.

## **III. Monitoring and/or Recordkeeping Requirements**

1. The permittee shall perform inspections on a daily basis of the unloading and loading operations to determine if significant visible emissions are being emitted and shall perform inspections at the doors and at any other openings of the building enclosure to determine if there is any fugitive dust escaping from the enclosure.
2. The purpose of the inspections is to determine the need for implementing the control measure in term A.I.2.e. above. The inspections shall be performed during representative, normal operating conditions.
3. The permittee shall maintain daily records of the following information from the daily inspections:
  - a. the presence or absence of any visible emissions observed escaping from the building enclosure;  
  
If visible emissions are observed escaping from the building enclosure, the permittee shall also note the total duration of the visible emission incident.
  - b. the date and reason why any inspection was not performed;
  - c. the date of each inspection where it was determined by the permittee that it was necessary to implement the control measure(s);
  - d. the dates that the control measure(s) were implemented; and,
  - e. the date and reason why any control measure that was shown to be required by the inspection was not performed.
4. The permittee shall collect and record the amount of materials transferred in this emissions unit each day, in tons, and the annual amount of materials transferred, in

**Sunny Farms Landfill**  
DTI Application: 02-17020

**Facility ID: 0121000173**

Emissions Unit ID: F003

tons as summed for the calendar year from January to December.

**Issued: 8/15/2006**

5. The permittee shall maintain daily records indicating the following for this emissions unit
  - a. each day this emission unit was in operation;
  - b. the number of hours of each day; and
  - c. the annual number of days of operation as summed for the calendar year from January to December.

#### **IV. Reporting Requirements**

1. The permittee shall submit deviation reports that identify any of the following occurrences:
  - a. identify all days during which any visible fugitive particulate emissions were observed escaping from the enclosure;
  - b. describe any corrective actions taken to eliminate the visible fugitive particulate emissions escaping from the enclosure;
  - c. each day during which an inspection was not performed by the required frequency;
  - d. each instance when a control measure that was to be performed as a result of an inspection was not performed;
  - e. identify all days where the of tons of material transferred exceeded the operational restriction in A.II.1.; and
  - f. identify all days where the hours of operation exceeded the operational restriction in A.II.2.

The deviation reports shall be submitted in accordance with the reporting requirements of the General Terms and Conditions of this PTI.

2. The permittee shall submit annual reports to the Northwest District Office identifying the following:
  - a. the amount of materials (in tons) transferred in the previous calendar year; and

Issued: 8/15/2006

- b. the number of hours that the emissions unit operated in the previous calendar year

These reports shall be submitted by January 31 of each year.

## V. Testing Requirements

1. Compliance with the emission limitations specified in section A.I.1 of these terms and conditions shall be determined in accordance with the following methods:

- a. Emissions Limitation:  
fugitive PE shall not exceed 3.91 tons per year

### Applicable Compliance Method:

Compliance shall be determined by calculating the particulate emissions per calendar year and comparing the calculated particulate emissions per calendar year to the above annual particulate emissions limitation.

The uncontrolled emissions shall be determined by multiplying the emission factor of 0.05 lbs/ton (from RACM document, pg. 2-72, 9/1980) by the annual tons of material unloaded from the railcars multiplied by 2 to account for both the loading and unloading operations.

The control efficiency of the wet suppression system is assumed to be 95%. The controlled particulate emissions per calendar year is calculated by multiplying the uncontrolled particulate emissions per calendar year by (1-0.95). If the controlled particulate emissions per calendar year calculated as above is less than or equal to 3.91 tons of particulate emissions, then compliance is shown.

- b. Emissions Limitation:  
There shall be no visible particulate emissions escaping from the enclosure except for a three minutes during any sixty minute period.

### Applicable Compliance Method:

Compliance shall be determined with the visible particulate emission limitation for the material handling operations in accordance with Test Method 22 as set forth in "Appendix on Test Methods" in 40 CFR, Part 60 ("Standards of Performance for New Stationary Sources"), as such Appendix existed on July 1, 2002, and the modifications listed in paragraphs (B)(4)(a) through (B)(4)(c) of OAC rule 3745-17-03.

**Sunny Farms Landfill**

DTI Application: 02-17020

**Facility ID: 0121000173**

Emissions Unit ID: F003

2. In the event of the receipt of odor complaints concerning this facility by the Northwest District Office, such that the facility needs to be evaluated as to whether it is causing, permitting, or maintaining a public nuisance, the facility may be required to perform a measurement and characterization of the air contaminants being emitted at the facility in order that the facility may be able to properly evaluate any measures that the facility would undertake to control odors.

**VI. Miscellaneous Requirements**

None

Issued: 8/15/2006

**B. State Only Enforceable Section**

**I. Applicable Emissions Limitations and/or Control Requirements**

1. The specific operations(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be specified in narrative form following the table.

**Operations, Property, and/or Equipment - (F003) - Railcar unloading transfer station of construction and demolition debris (C&DD) and other materials**

Applicable Rules/Requirements	Applicable Emissions Limitations/Control Measures

2. **Additional Terms and Conditions**

- 2.a None

**II. Operational Restrictions**

None

**III. Monitoring and/or Record keeping Requirements**

None

**IV. Reporting Requirements**

None

**V. Testing Requirements**

None
