\*NRCS# refers to the specific identification code USDA-Natural Resources Conservation Service assigns to the practice within the Field Office Technical Guide(FOTG). Selecting the "AGRICULTURAL" link at the top of this table will take you to the Ohio FOTG website where you can search for the specific practice standards and specifications.

NOTE: All management practices specifically delineated in this table and/or incorporated by reference to a MP guide, manual, or set of national management measures, may be CONSIDERED for funding under Ohio EPA's Division of Environmental and Financial Assistance programs. Eligibility to apply for 319 implementation grant funds is more limited and will be determined by Ohio EPA, Division of Surface Water, Nonpoint Source Program. Details of eligibility will be available in annual Section 319 requests for proposals and application materials. Please note that 319 funds CANNOT be used, if an activity is required by an NPDES permit or in compliance with an enforcement order.
