Application No. 1MH00115*AM
Sewage Holding Tank Management Plan Approval for Hemmelgarn Services, Inc. at
2500 Schenk Rd., Sidney, Ohio 45365

Issue Date: May 6, 2019
Effective Date: May 6, 2019
Expiration Date: May 6, 2024

Hemmelgarn Services, Inc.
Attn: Jim Hemmelgarn
2500 Schenk Rd.
Sidney, Ohio 45365

Ladies and Gentlemen:

The Ohio Environmental Protection Agency has reviewed the sewage holding tank
management plan (Form C3) submitted pursuant to Ohio Revised Code Section 6111.44
and rule 3745-42-11 of the Ohio Administrative Code. The plan is approved subject to
the condition of compliance with all applicable laws, rules, regulations and all the
conditions below and in Part II of this approval. A copy of the approved sewage holding
tank management plan is enclosed.

The entity shall fill, operate, and empty the proposed sewage holding tank in strict
accordance with the conditions in this approval and with the method of operation
outlined in the sewage holding tank management plan submitted to the Ohio
Environmental Protection Agency. Approval of the sewage holding tank management
plan does not constitute assurance that the proposed operation will be in compliance with
all Ohio laws and regulations.

This approval is not an authorization to discharge. Pursuant to Section 3745-42-01 of the
Ohio Administrative Code, a holding tank is a device that is not part of a larger disposal
system and that is used to accumulate or store sewage or industrial waste that: (1) is not
hazardous waste as defined by rule 3745-51-03 of the Administrative Code and (2) must
be hauled for recycling, treatment or disposal. Therefore, any discharge from the holding
tank is unpermitted.

Any discharges to waters of the state must be reported to Ohio EPA (toll free) by calling
1-800-282-9378 within 2 hours of discovery. The director shall be notified in writing
within seven days of any person discovering noncompliance with a sewage holding tank
management plan.

The applicant is required to submit a revised sewage holding tank management plan, if
the Director of the Ohio EPA deems it necessary.
The director may add, delete, or change any conditions to a sewage holding tank management plan approval to protect human health or the environment.

Any expansion of the operation or modification of the sewage holding tank must be approved by the Ohio EPA.

The director of the Ohio Environmental Protection Agency, or his authorized representative(s), may enter upon the premises of the sewage holding tank during its construction or its operation at any reasonable time for the purpose of making inspections, conducting tests, examining records, or reports pertaining to the installation, modification, or operation of the sewage holding tank.

Issuance of this approval does not relieve you of the duty of complying with all applicable federal, state, and local laws, ordinances, and regulations.

This approval shall expire at midnight on the expiration date shown above. In order to receive authorization to continue to use the sewage holding tank beyond the date of expiration, you shall submit a new sewage holding tank management plan (Form C3) six months prior to the expiration date.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of $70.00, made payable to "Ohio Treasurer Josh Mandel," which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
77 South High Street, 17th Floor

Sincerely,

Laurie Stevenson
Director

Attachment: Part II Special Conditions
Enclosure: Approved Sewage Holding Tank Management Plan (Form C3)

cc: Southwest District Office
Shelby County Health Dept.
PART II, SPECIAL CONDITIONS

1. Hemmelgarn Services, Inc. shall be responsible for proper operation and maintenance of the sewage holding tank.

2. This approval applies to the sewage holding tank operated by Jim Hemmelgarn that has been designed to store an average daily flow of 40 gallons.

3. The sewage holding tank shall be maintained in a manner that is protective of public health and the environment.

4. Hauling/emptying of sewage from the sewage holding tank shall be conducted in the manner described in the sewage holding tank management plan submitted as Form C3.

5. Sewage from the sewage holding tank shall be hauled by a licensed hauler and received by the permitted receiving facility identified in the management plan.

6. The sewage holding tank shall be labeled, or a legible sign shall be placed immediately adjacent to the sewage holding tank, with the words "Non-Hazardous Sewage" or "Non-Hazardous Industrial Waste," whichever term applies to the tank in question.

7. Signs that direct persons to notify the Ohio Environmental Protection Agency's spill hotline (1-800-282-9378) in an event of a release shall be placed in clearly visible locations around the tank.

8. Records shall be kept in accordance with the approved sewage holding tank management plan and paragraph (H) of rule 3745-42-11 of the Ohio Administrative Code.

9. A renewal sewage holding tank management plan (Form C3) shall be submitted to Ohio EPA at least six months prior to the expiration of the existing sewage holding tank management plan. If a person does not submit a new sewage holding tank management plan at least six months prior to expiration of the existing plan, the existing sewage holding tank management plan will expire at the end of the five years.

10. If decommissioning of the sewage holding tank shall occur prior to the expiration date of the existing sewage holding tank management plan, a renewal sewage holding tank management plan (Form C3) is not required. Instead, the owner or operator of the holding tank shall notify the director or an authorized representative within thirty days of the holding tank decommissioning. Notification and decommissioning shall be in accordance with paragraph (I) of rule 3745-42-11 of the Ohio Administrative Code.
11. The sewage holding tank shall be equipped with a liquid level device that is connected to an autodialer and a light alarm system located in a staffed location where, to the greatest extent practicable, the alarm will be heard by employees present on site, or an audio/visual alarm located in a visible location above ground at the tank's site. The alarm system shall be activated when the level of sewage or industrial waste reaches seventy-five per cent of the holding tank capacity and the alarm signal shall be transmitted to a staffed location or clearly visible to a staffed location.

12. If necessary, odor control measures shall be taken to prevent nuisance conditions.

13. This approval letter and the approved sewage holding tank management plan apply to Ohio EPA PTI No. 1285186 for Hemmelgarn Services, Inc. approved on 5/01/2019.
