**Integrated Report Assessment Category: 3**      **Priority:**      **Scheduled Monitoring: 2008**

The only data from this watershed are from one site on the Little Hocking River, sampled in 1990. Little Hocking River is currently listed on the 303(d) list, but data from 1990 are not adequate to justify keeping it on the list. Another survey of the stream is needed to reassess the status.
