**Integrated Report Assessment Category: 3      Priority:      Scheduled Monitoring: 2011**

A small amount of data were collected in this watershed, but there are not enough sampling locations to do a complete assessment. Scioto Brush Creek is currently on the 303(d) list. The limited amount of data collected between 1987 and 2000 are not adequate to justify keeping the entire HUC on the 303(d) list.
