

Heat Content of Fuel - Value of Variable HCg

Air Services User Question:

When I go into the fee emissions report and try update my 'Material/schedule seasons'

I get an error message concerning the heat content that states, “

- ERROR: Value of variable HCg is less than the minimum of 50

How do I fix this error?

Air Services has enhanced the QA check on heat content values as users in past reports were entering invalid answers.

✖ Error

- ERROR: Value of variable HCg is less than the minimum of 50

Emissions Report

Process & Emissions Detail

▶ K001-1: Source Classification Code (SCC) is 1-03-006-03
