

PUBLIC NOTICE

FINAL ISSUANCE OF EMERGENCY REGISTRATION CERTIFICATES FOR A TRANSPORTER OF INFECTIOUS WASTE

Notice is hereby given that, on January 3, 2007, the director of Ohio EPA issued (1) one emergency infectious waste transporter certificate to Stericycle, Inc., 28161 N. Keith Drive, Lake Forest, IL 60045, ID No: 00-T-00199. Persons wishing to be notified of further actions or proceedings for this project must submit a request in writing to Ohio EPA, Division of Solid and Infectious Waste Management, Attn: Systems Management Unit, P.O. Box 1049, Columbus, Ohio 43216-1049, tel.: (614) 644-2621. This final action was not preceded by a proposed action and may be appealed to the Environmental Review Appeals Commission, at 309 South Fourth Street, Suite 222 Columbus, Ohio 43215.

State of Ohio
Ohio Environmental Protection Agency
Notice of Adoption of Rules

Notice is hereby given that the Director of Environmental Protection, under the authority of Ohio Revised Code ("ORC") Section 3704.03 has adopted amended, rescinded, and new rules under Chapter 3745-103 of the Ohio Administrative Code ("OAC"). Rules in OAC chapter 3745-103 address the requirements for issuance of acid rain operating permits for electrical generating units.

Amendments have been made to rules 3745-103-01 to 3745-103-09, 3745-103-11 to 3745-103-29, 3745-103-31 to 3745-103-39, 3745-103-41 to 3745-103-42, 3745-103-44 to 3745-103-45, 3745-103-47 to 3745-103-48, 3745-103-50 to 3745-103-53, 3745-103-55 to 3745-103-63, and 3745-103-65 to 3745-103-66.

OEPA will rescind rules 3745-103-10, 3745-103-43, 3745-103-64, and 3745-103-67.

OEPA has written new replacement rule 3745-103-43 to replace the existing 3745-103-43.

DAPC is performing these changes to update the rules to match corresponding language in federal regulations, to address specific comments from the USEPA, and to add incorporation-by-reference language to meet the requirements of ORC 121.72. Certain of the changes are essential to maintain our approval by the USEPA to implement Title IV, Acid Rain provisions of the Clean Air Act Amendments of 1990.

Pursuant to Section 121.39 of the Ohio Revised Code, DAPC is required to consult with interested parties affected by the rules before the division formally adopts them. On December 29, 2005, these rules went out for a 30 day review by interested parties. Pursuant to Section 119.03 of the Ohio Revised Code, a public hearing on these rule changes was conducted on November 13, 2006, in Columbus, Ohio. There were no comments received during the comment period. The Director's order of adoption was issued on December 29, 2006. The effective date of these rules is January 12, 2007.

To request a copy of these rules, obtain further information, or inspect or request copies of agency files and records pertaining to the proceeding contact Dana Thompson, Ohio EPA, Division of Air Pollution Control, Lazarus Government Center, PO Box 1049, Columbus, Ohio 43216-1049 or call Dana Thompson at 614-644-3701. The rules are available on the Web page for electronic downloading. The URL is: <http://www.epa.state.oh.us/dapc/regs/regs.html>.

This action of the Director is final and may be appealed to the Environmental Review Appeals Commission ("ERAC") pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with ERAC within thirty (30) days after notice of the Director's action, at 309 South Fourth Street, Suite 222, Columbus, Ohio 43215. Copies of the appeal must be served upon the Director of the Ohio EPA within three (3) days of filing with ERAC. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Ohio EPA also requests that a copy of the appeal be served upon the Environmental Enforcement Section of the Ohio Attorney General's Office.

PUBLIC NOTICE
COVENANT NOT TO SUE/FINAL FINDINGS AND ORDERS
New NGC, Inc. - New NGC, Inc. Property

Notice is hereby given that on December 29, 2006, the Director of the Ohio Environmental Protection Agency ("Ohio EPA"), pursuant to Ohio Revised Code ("ORC") Chapter 3746 and Ohio Administrative Code ("OAC") Chapter 3745-300, issued a Covenant Not To Sue/Final Findings and Orders to New NGC, Inc. for the property identified as the New NGC, Inc. property (the "Property").

New NGC, Inc. conducted a voluntary action of the approximately 12 acre-Property located at 504 Walnut Street, Niles, Trumbull County, Ohio. A no further action letter was submitted on November 8, 2004 to the Voluntary Action Program of the Ohio EPA Division of Emergency and Remedial Response on behalf of New NGC, Inc. by Mr. Michael J. Pardus, a Certified Professional, (No. 238), as defined in ORC 3746.01(E) and OAC 3745-300-01(A)(8).

The issuance of the Covenant Not to Sue/Final Findings and Orders is a final action of the Director. The action may be appealed to the Environmental Review Appeals Commission ("Commission"). The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice or issuance of the action. (See ORC 3745.04 and 3745.07). A copy of the appeal must be served on the Director within three (3) days after the appeal is filed with the Commission. The appeal may be filed with the Commission at 309 South Fourth Street, Room 222, Columbus, Ohio 43215.

If you would like to review a copy of the Covenant Not To Sue/Final Findings and Orders, please contact Debi Tavizon, Records Management, Ohio EPA, Division of Emergency and Remedial Response, Voluntary Action Program, P.O. Box 1049, Columbus, OH 43216-1049, or by telephone at (614) 644-2924.

PUBLIC NOTICE
COVENANT NOT TO SUE/FINAL FINDINGS AND ORDERS
TRW Inc. and Northrup Grumman Space & Mission
Systems Corp. - TRW TAPCO Facility, Area "F"

Notice is hereby given that on December 29, 2006, the Director of the Ohio Environmental Protection Agency ("Ohio EPA"), pursuant to Ohio Revised Code ("ORC") Chapter 3746 and Ohio Administrative Code ("OAC") Chapter 3745-300, issued a Covenant Not To Sue/Final Findings and Orders to TRW Inc. and Northrup Grumman Space & Mission Systems Corporation for the property identified as the TRW TAPCO Facility, Area "F" property (the "Property").

TRW Inc. and Northrup Grumman Space & Mission Systems Corporation conducted a voluntary action of the approximately 0.32 acre-Property located at 23555 Euclid Avenue, Cleveland, Cuyahoga County, Ohio. A no further action letter was submitted on October 16, 2002 to the Voluntary Action Program of the Ohio EPA Division of Emergency and Remedial Response on behalf of TRW Inc. and Northrup Grumman Space & Mission Systems Corporation by Mr. Jeffrey DeLaet, a Certified Professional, (No. CP 257), as defined in ORC 3746.01(E) and OAC 3745-300-01(A)(8).

The issuance of the Covenant Not to Sue/Final Findings and Orders is a final action of the Director. The action may be appealed to the Environmental Review Appeals Commission ("Commission"). The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice or issuance of the action. (See ORC 3745.04 and 3745.07). A copy of the appeal must be served on the Director within three (3) days after the appeal is filed with the Commission. The appeal may be filed with the Commission at 309 South Fourth Street, Room 222, Columbus, Ohio 43215.

If you would like to review a copy of the Covenant Not To Sue/Final Findings and Orders, please contact Debi Tavizon, Records Management, Ohio EPA, Division of Emergency and Remedial Response, Voluntary Action Program, P.O. Box 1049, Columbus, OH 43216-1049, or by telephone at (614) 644-2924.

PUBLIC NOTICE
DIRECTOR'S FINAL FINDINGS AND ORDERS
Revocation of Certificate of Certified Professional
Under Ohio's Voluntary Action Program

Notice is hereby given that on December 22, 2006 the Director of the Ohio Environmental Protection Agency ("Ohio EPA"), pursuant to Ohio Revised Code ("ORC") Chapter 3746 and Ohio Administrative Code ("OAC") 3745-300-05, issued Final Findings and Orders to Dennis A. Smalley (Certified Professional No. 197) under a settlement.

The Director's Final Findings and Orders revoke Mr. Smalley's certificate to serve as a certified professional under Ohio's Voluntary Action Program ("VAP"). Mr. Smalley has agreed under the terms of the Orders to forgo applying for VAP recertification until after January 1, 2011. The Orders do not prevent Mr. Smalley from working in a consultant capacity or coordinating with VAP certified professionals.

The issuance of the Director's Final Findings and Orders is a final action of the Director. The action may be appealed to the Environmental Review Appeals Commission ("Commission"). The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice or issuance of the action. (See ORC 3745.04 and 3745.07). A copy of the appeal must be served on the Director within three (3) days after the appeal is filed with the Commission. The appeal may be filed with the Commission at 309 South Fourth Street, Room 222, Columbus, Ohio 43215.

If you would like to review a copy of the Director's Final Findings and Orders, please contact Debi Tavizon, Records Management Officer, Ohio EPA, Division of Emergency and Remedial Response, P.O. Box 1049, Columbus, OH 43216-1049, or by telephone at (614) 644-2924.

**PUBLIC NOTICE
FINAL ACTIONS OF THE DIRECTOR
ISSUANCE OF CERTIFICATES TO REPAIR FACILITIES UNDER
THE MOTOR VEHICLE EMISSION INSPECTION AND MAINTENANCE PROGRAM**

Notice is hereby given that the Director of the Ohio Environmental Protection Agency, pursuant to Ohio Revised Code Chapter 3704.14 and Ohio Administrative Code rule 3745-26-15, has issued certificates to perform work as a Certified Repair Facility under the Motor Vehicle Emission Inspection and Maintenance Program, consistent with the requirements of that program, to the facilities listed below. All certificates are issued 1/3/2007.

For information regarding these final actions, contact David Alspaugh, Ohio EPA, Division of Air Pollution Control, Mobile Sources Section, P.O. Box 1049, Columbus, Ohio 43216-1049, or by telephone at (614) 644-3059. These final actions of the Director were not preceded by proposed actions, and are appealable to the Environmental Review Appeals Commission within thirty (30) days after issuance of the Director's action, pursuant to section 3745.07 of the Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. A copy of the appeal must be served on the Director of the Ohio Environmental Protection Agency within three (3) days of filing with the Commission. Appeals must be sent to the following address: Environmental Review Appeals Commission, 309 South Fourth Street, Room 222, Columbus, Ohio 43215.

Ohio EPA Permit

OHH000001

National Pollutant Discharge Elimination System (NPDES) Program

**PUBLIC NOTICE
OF
DRAFT GENERAL PERMIT AND PUBLIC HEARING FOR
HYDROSTATIC TEST WATER AND WATER SUPPLY SYSTEM WATER
DISCHARGE**

Ohio Environmental Protection Agency
Division of Surface Water, Permits Section
122 South Front Street
P.O. Box 1049
Columbus, Ohio 43216-1049
(614) 644-2001

Public Notice No. : 07-01-035
Date of Public Notice: January 12, 2007

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA)-Division of Surface Water (DSW) has issued a draft general permit that may potentially provide coverage to hydrostatic test water and water supply system water discharges of short duration from facilities in the State of Ohio. The draft general permit will allow applicants to understand the environmental impact from the discharge of pollutants and the requirements prior to applying for a general permit.

The discharges that may receive coverage under this general permit may result in new discharges of pollutants to waters of the state, and therefore there may be a lowering of water quality, or degradation to these receiving waters. However, the chemical-specific water quality criteria developed to protect aquatic life and human health, set forth in OAC 3745-1, will not be exceeded. In accordance with OAC 3745-1-05, an antidegradation review is being conducted during the development of the general permit to determine the appropriateness and magnitude of coverage under the general permit and the associated potential lowering of water quality. Due to the nature of the discharges and requirements related to general NPDES permit development, this draft general NPDES permit meets an exclusion under the provisions of these rules.

Ohio EPA will hold a public hearing on the draft general NPDES permit at 6:00 P.M. on February 27, 2007 at Ohio EPA Central Office, 50 West Town Street, Suite 700, Conference Room B, 6th Floor, Columbus, Ohio 43215. The public hearing will end when all interested parties have had an opportunity to provide testimony related to the draft permit. All interested persons are entitled to attend or be represented and give written and/or oral comments on the draft permit. The purpose of the hearing is to obtain additional information that will be considered by the Director of Ohio EPA prior to any further action on the draft permit.

Ohio EPA will continue to accept written comments on the draft permit through the close of business on March 6, 2007. Comments received after this date may not be considered

as part of the official record of the hearing. Anyone may submit written comments or request to be placed on an interested parties mailing list by writing to: Ohio EPA-DSW, Attention: Permits Processing Unit, P.O. Box 1049, Columbus, Ohio 43216-1049.

Copies of the draft general NPDES permit and the associated fact sheet and documentation can be obtained on the Ohio EPA-DSW web page at www.epa.state.oh.us/dsw/permits/gpfact.html or by contacting Ohio EPA's Central Office at 614-644-2156.

PUBLIC NOTICE

OHIO EPA ISSUES FINAL MODIFIED HAZARDOUS WASTE PERMIT

On December 29, 2006, Ohio EPA issued a final modified Hazardous Waste Facility Installation and Operation Permit (Permit) to Ineos USA, LLC for its facility at 1900 Fort Amanda Road, Lima, Ohio 45802. The EPA Identification Number for this facility is OHD042157644.

Why is Ineos USA, LLC modifying its Permit?

Ineos USA, LLC (Ineos) is permitted to operate hazardous waste container and tank storage units, tank treatment, an incinerator and other related hazardous waste management units at its facility. Ineos wants to reduce the frequency of the fence line inspections from daily to weekly; and remove references to Thermal Oxidizer units which were closed under RCRA. This final modified permit will allow Ineos to make the requested changes. To issue this final modified Permit, Ohio EPA determined that the modification application is complete and meets appropriate standards.

Can I appeal this final modified Permit?

Yes, if you are an officer of an agency of the state or of a political subdivision, acting in a representative capacity, or any person who would be aggrieved or adversely affected by this modified Permit, you have the right to appeal this Permit decision to the Environmental Review Appeals Commission (ERAC).

If I decide to appeal this final modified Permit, how and when must I make the appeal?

If you file an appeal, you must put it in writing no later than **February 2, 2007**. Your appeal must explain why you are appealing the action and the grounds you are using for your appeal. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. You must file your appeal, according to Ohio Revised Code § 3745.04 with ERAC at the following address: ***Environmental Review Appeals Commission***, 309 South Fourth Street, Room 222, Columbus, Ohio 43215. You must send a copy of the appeal to the director of Ohio EPA at the following address no later than three (3) days after you file it with ERAC: ***Joseph P. Koncelik, Director of Ohio EPA***, P.O. Box 1049, Columbus, Ohio 43216-1049.

PUBLIC NOTICE

**Ohio EPA Director Issues
Final Findings and Orders for the
Muncy Corporation Facility,
Enon, Clark County, Ohio**

On December 29, 2006, the Director of the Ohio Environmental Protection Agency (Ohio EPA) issued as a final action Director's Final Findings and Orders (Orders) to REM Investments, Inc., of Enon, Ohio, to implement a ground water monitoring program at the Muncy Corporation facility located at 2601 Enon Road, Enon, Clark County, Ohio.

The purpose of the Orders is to monitor ground water beneath the facility following the recent shutdown of the ozone sparging system. The Director's Final Findings and Orders require the following actions: implementation of a Post-Remedial Monitoring Plan; maintenance of the ozone sparging system in a manner that enables the system to be re-started if necessary; and the submittal of progress reports.

The effective date of this final action is December 28, 2006. You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address: Environmental Review Appeals Commission, 309 South Fourth Street, Room 222, Columbus, Ohio 43215.

The Director's Final Findings and Orders, and related documents, are available for review at Ohio EPA's Southwest District Office by calling (937) 285-6056 or e-mailing chuck.mellon@epa.state.oh.us for an appointment.

Date of Public Notice: January 2, 2007

**PUBLIC NOTICE
NOTICE OF RECEIPT PF 401 APPLICATIONS AND PUBLIC HEARING**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) has received an application for, and has begun to consider whether to issue or deny, a Clean Water Act Section 401 certification for a project to construct a 18 acre mixed hotel/office development. The application was submitted by NP Limited Partnership, 8800 Lyra Drive, Suite 550, Columbus, Ohio 43240. The project is located at the northeast corner of the new Gemini Place/Interstate 71 interchange, the City of Columbus, Delaware County, Ohio. The Huntington District Corps of Engineers Public Notice Number for this project is 200600072. The Ohio EPA ID Number for this project is 062968.

As required by the Antidegradation Rule, three alternatives have been submitted for the project. The applicant's proposed preferred alternative, if approved, would impact 1,457 linear feet of perennial, intermittent, and ephemeral stream and 0.107-acre of Category 1 wetland. The applicant's proposed minimal degradation alternative, if approved, would impact 670 linear feet of perennial and ephemeral stream and 0.107-acre of Category 1 wetland. The applicant's proposed non-degradation alternative, if approved, would have no direct impacts on waters of the state.

The discharges from the activity, if approved, would result in degradation to, or lowering of, the water quality of unnamed tributaries and adjacent wetlands of Alum Creek. The review of the application will be conducted, and a decision whether to grant or deny the application will be made, in accordance with Chapters 3745-1 and 3745-32 of the Ohio Administrative Code (OAC). In accordance with OAC 3745-1-05, an antidegradation review of the application will be conducted before deciding whether to allow a lowering of the water quality. Other alternative resulting in lesser or no degradation or lowering of water quality will be considered by Ohio EPA during the review process.

No exclusions or waivers, as outlined by 3745-1-05 of the Antidegradation Rule apply or may be granted by the Director of Ohio EPA.

Starting January 2, 2007, copies of the application for the certification and technical support information may be inspected at Ohio EPA/DSW, Lazarus Government Center, 122 South Front Street, Columbus, Ohio 43216-1049 by first calling (614) 644-2001. Applications can be made available at the Ohio EPA District Offices by calling the same number.

Ohio EPA will hold a public information session and public hearing relative to issues of lower water quality at 6:30 P.M. on February 22, 2007 at the Orange Township Hall, 1680 East Orange Road, Lewis Center, Ohio 43085. The public hearing will end when all interested parties have had an opportunity to provide testimony related to the project.

All interested persons are entitled to attend or be represented and give written or oral comments on the proposed project. The purpose of the hearing is to obtain additional information that will be considered by the Director of Ohio EPA prior to any further action on the application.

Persons wishing to be on Ohio EPA's interested parties mailing list for this project or wish to submit comments for Ohio EPA's consideration in reviewing the application should do so in writing to Ohio EPA-DSW, Attention: Permits Processing Unit, P.O. box 1049, Columbus, Ohio 43216-1049. Written comments must be received by the close of business on March 1, 2007. Comments received after this date may not be considered as part of the official record.

PUBLIC NOTICE

**Ohio EPA Finalizes Decision Document for
Operable Unit 19
Diamond Shamrock Painesville Works
Painesville Township, Ohio**

On December 28, 2006, Ohio EPA finalized a Decision Document identifying the selected alternative to remediate contamination at Operable Unit 19 (OU19) of the Diamond Shamrock Painesville Works facility (Site) located on Fairport Nursery Road in Painesville Township, Lake County, Ohio.

OU19 is 2.5 acres in size and is located on the southern border of the former Diamond Shamrock Painesville Works property, between Elm Street and Operable Units 4 and 14 (OU4 and OU14). No manufacturing activities related to the Diamond Shamrock Painesville Works facility were ever conducted on this portion of the Site. The property was part of the "buffer zone" between the former Waste Lake (Soup Pond) #4 and Elm Street.

This parcel was originally owned by the Diamond Shamrock Chemical Company, who sold this and other property located north of this OU to Nacelle Land and Management Company in 1979. The property was transferred to the current owner, Sally Westholm, in 1999. The property is located within the City of Painesville.

The Phase I and Phase II Remedial Investigations and Baseline Human Health and Ecological Risk Assessments concluded that site-related constituents do not exist within the boundaries of OU19 at concentrations which pose an elevated risk to either human health or the environment. Therefore, Ohio EPA has determined that it is unnecessary to perform remedial activities on the property and that it be released with "no further action" required.

On October 31, 2006, Ohio EPA issued a Preferred Plan that outlined Ohio EPA's preferred alternative to remediate contamination at the Site. A public meeting was held on December 5, 2006, during which public comments on the Preferred Plan were accepted. In addition, written comments on the Preferred Plan were accepted through December 8, 2006. No comments, either written or verbal, were received by Ohio EPA during the comment period.

A copy of the Decision Document has been provided to the Morley and Fairport Village Libraries, located at 184 Phelps Street in Painesville, Ohio and 335 Vine Street in Fairport Harbor, Ohio, respectively. The Decision Document and related materials are also available for review at Ohio EPA's Northeast District Office, located at 2110 East Aurora Road in Twinsburg, Ohio, by calling (330) 963-1200 to set up an appointment. In addition, a copy of the Decision Document can be accessed on-line through the Diamond Shamrock Community Relations Team website at www.dscrt.com.

The effective date of this final action is December 28, 2006. You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate that

payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address: Environmental Review Appeals Commission, 309 South Fourth Street, Room 222, Columbus, Ohio 43215.

**PUBLIC NOTICE
(correction)**

OHIO EPA ISSUES FINAL HAZARDOUS WASTE PERMIT MODIFICATION

On ~~December 28, 2006~~ January 5, 2007, Ohio EPA issued a final class 3 hazardous waste facility installation and operation permit (Permit) modification to Safety-Kleen Systems, Inc., Hebron Recycle Center, for its facility at 581 Milliken Drive SE, Hebron, Ohio 43025. The EPA Identification Number for this facility is OHD980587364.

Why does Safety-Kleen Systems, Inc. need a Permit modification?

Safety-Kleen Systems, Inc. (Safety-Kleen) recycles a variety of spent solvents and solvent-contaminated waste waters for beneficial reuse/recovery. Safety-Kleen stores these solvents and waste waters in tanks and containers prior to recycling. Safety-Kleen wishes to 1) increase the container and tank storage capacity by 818,440 gallons, and add 25 waste codes to the list of waste codes the facility is permitted to receive; and, 2) permit Tanks 97 and 98 as treatment tanks for fuel blending spent solvents. The final Permit modification contains the conditions under which the facility must operate. To issue this final Permit modification, Ohio EPA determined that the Permit application is complete and meets appropriate standards. Details about this final action can be viewed on Ohio EPA's website under Stakeholders Involvement at <http://web.epa.state.oh.us/dhwm/>.

Can I appeal this Permit and Modifications?

Yes, if you are an officer of an agency of the state or of a political subdivision, acting in a representative capacity, or any person who would be aggrieved or adversely affected by this Permit, you have the right to appeal this permit decision to the Environmental Review Appeals Commission (ERAC).

If I decide to appeal this final modified Permit, how and when must I make the appeal?

If you file an appeal, you must put it in writing no later than ~~January 27, 2007~~ February 7, 2007. Your appeal must explain why you are appealing the action and the grounds you are using for your appeal. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. You must file your appeal, according to Ohio Revised Code § 3745.04 with ERAC at the following address: **Environmental Review Appeals Commission**, 309 South Fourth Street, Room 222, Columbus, Ohio 43215. You must send a copy of the appeal to the director of Ohio EPA at the following address no later than three (3) days after you file it with ERAC: **Director of Ohio EPA**, P.O. Box 1049, Columbus, Ohio 43216-1049.

Date of Public Notice: January 5, 2007

**PUBLIC NOTICE
NOTICE OF RECEIPT OF APPLICATION AND PUBLIC HEARING
ANTIDEGRADATION**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA)-Division of Surface Water (DSW) has received an application for the initial issuance of a National Pollutant Discharge Elimination System (NPDES) permit for the proposed discharge from the Milton Materials settling pond discharge. The NPDES application was submitted by Milton Materials, LLC, 7131 Fenner Road, Ludlow Falls, Ohio 45339.

Milton Materials is proposing two locations to discharge process water, storm water and mine dewatering to the Stillwater River after passing through a settling pond at each location. Each proposed location will be capable of discharging a maximum of 5.76 MGD from mining operations and industrial activities associated with storm water. The project is located at 7131 Fenner Road, Newton Township, Miami County, Ohio. The proposed discharges are to Stillwater River.

Other wastewater disposal alternatives resulting in lesser or no degradation or lowering of water quality will be considered by Ohio EPA.

The discharges from this facility, if approved, would result in degradation to, or lowering of, the water quality of Stillwater River. However, the chemical-specific water quality criteria developed to protect aquatic life and human health, set forth in OAC 3745-1, will not be exceeded. In accordance with OAC 3745-1-05, an antidegradation review of the application will be conducted before deciding whether to allow a lowering of the water quality.

Copies of the pending NPDES application is available for review at Ohio EPA's Southwest District Office, 401 East Fifth Street, Dayton, Ohio 45402-2911 (937) 285-6357. An Ohio EPA public hearing on the proposed project has been scheduled for 7:00 P.M. on February 20, 2007, at the Village of West Milton Council Chambers, 701 South Miami Street (aka State Route 48), West Milton, Ohio 45383. The public hearing will end when everyone in attendance has had an opportunity to provide testimony related to the project.

All interested persons are entitled to attend or be represented and give written or oral comments on the project. The purpose of the hearing is to obtain additional information that will be considered by the director of Ohio EPA prior to any further action on the applications. Persons wishing to 1) be on the Ohio EPA's interested parties mailing list for this project, or 2) submit comments for Ohio EPA's consideration must do so in writing to Ohio EPA-DSW, Attention: Permits Processing Unit, P.O. Box 1049, Columbus, Ohio 43216-1049 by close of business on February 27, 2007. Comments received after this date may not be considered as part of the official record.

Montgomery County

PUBLIC NOTICE

APPROVAL OF C&DD FACILITY LICENSE TRANSFER

Notice is hereby given on December 29, 2006, that the director of Ohio EPA approves a request from Vance Landfill, Inc. (VLI), to transfer the 2006 Construction and Demolition Debris Facility License for the Vance Environmental Landfill to Vance Environmental, Ltd. (VEL). This landfill is located at 2101 Vance Road, Dayton, Ohio. However, in order for the transfer to be effective, the Montgomery County Board of Health must also approve of the transfer of the license to VEL. This approval is subject to all rules, regulations, and specified conditions. This final action was not preceded by a proposed action and is appealable to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Directors action. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed at the following address: 309 South Fourth Street, Room 222, Columbus, Ohio 43215. Person's wishing to be on Ohio EPA's interested parties mailing list for this project must submit a request in writing to Ohio EPA, Division of Solid and Infectious Waste Management, Attn: Systems Management Unit, P.O. Box 1049, Columbus, Ohio 43216-1049, Tel: (614) 644-2621.

PUBLIC NOTICE

**Ohio EPA Issues Final Amended Decision Document
for Glacier Vandervell Facility,
Caldwell, Ohio**

On December 28, 2006, Ohio EPA issued a Final Amended Decision Document identifying the selected alternative to remediate contamination at the Glacier Vandervell, Inc. (GVI) facility located at 17226 County Road 57 in Caldwell, Noble County, Ohio.

The GVI site has operated since 1952 and manufactures a variety of small machined parts, including metal bushings and washers. The facility currently operates under the name of Dana-Glacier Vandervell Inc. Historic operations at the site resulted in the contamination of soils, groundwater, and wetland sediments with metals and industrial solvents.

The Final Amended Decision Document summarizes the history of the site and the investigation of contamination at the site, provides an analysis of the feasibility of remedial alternatives, and outlines Ohio EPA's amended alternative for remediation. The amended alternative includes:

- Excavation and on-site consolidation of contaminated soils and sediments beneath an impervious cap;
- Monitoring of off-site sediments to detect potential increases in site-related contaminants arising from construction of the remedy;
- Activity and use limitations, and engineering controls to address soils beneath the building and loading dock area. The facility structure and loading dock will serve as temporary engineering controls to prevent infiltration of precipitation and leaching of contaminants to groundwater. If the facility structure and/or loading dock are removed at a future time, Ohio EPA may require a Focused Feasibility Study to evaluate capping and other remediation technologies or actions that are expected to achieve remedial action objectives. At that time, and absent Ohio EPA approval of another remediation technology, the second phase of the remedy will be implemented to consolidate the underlying soils beneath an impervious cap;
- Reduction of groundwater contamination in primary source areas through expanded groundwater recovery and treatment;
- Activity and use limitations to prevent the potable use of site groundwater;
- Implementation of an expanded groundwater monitoring plan to assess natural attenuation processes and to provide sufficient monitoring to ensure the protection of potential off-site receptors.

On October 20, 2006, Ohio EPA issued a Draft Amended Decision Document that outlined Ohio EPA's preferred amended remedial alternative. A public meeting was held on December 7, 2006, during which public comments on the Draft Amended Decision Document were accepted. In addition, written comments on the Draft Amended Decision Document were accepted through December 15, 2006. No comments, either written or verbal, were received by Ohio EPA during the comment period.

A copy of the Final Amended Decision Document is available for review at the Caldwell Public Library located at 517 Spruce Street in Caldwell, Ohio. The Final Amended Decision Document and related documents are also available for review at Ohio EPA's Southeast District Office by calling (740) 385-8501 for an appointment.

The effective date of this final action is December 28, 2006. You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address: Environmental Review Appeals Commission, 309 South Fourth Street, Room 222, Columbus, Ohio 43215.

PUBLIC NOTICE

**OHIO EPA ISSUES FINAL RENEWAL HAZARDOUS WASTE PERMIT TO
PPG INDUSTRIES OHIO, INC. , CIRCLEVILLE, OHIO**

On December 29, 2006, Ohio EPA issued a final renewal hazardous waste facility installation and operation permit (Permit) to PPG Industries Ohio, Inc., PPG Industries, Inc. (PPG Industries) for its facility at 559 Pittsburgh Road, Circleville, Ohio 43113. The EPA Identification Number for this facility is OHD004304689.

Why does PPG Industries need a Permit?

PPG Industries operate a resin manufacturing plant and hazardous waste incinerator, the Energy Recovery Unit (ERU) at the Circleville facility. The final renewal authorizes PPG Industries to continue storing hazardous waste in containers and tanks, and treat hazardous waste by blending in tanks and by incineration at the facility. The final renewal Permit contains the conditions under which the facility must operate. To issue this final renewal Permit, Ohio EPA determined that the Permit application is complete and meets appropriate standards and that the applicant has a history of compliance with relevant environmental laws. The renewal Permit also allows PPG Industries to continue to investigate and cleanup any contamination of hazardous waste in the designated areas, or constituents that may be at the facility. Details about this final action can be viewed on Ohio EPA's website under Stakeholders Involvement at <http://www.web.epa.state.oh.us/dhwm/>.

Some RCRA regulations have not been authorized in the state of Ohio, therefore U.S. EPA must issue a permit to cover those regulations. PPG Industries' complete RCRA permit is comprised of both the U.S. EPA and Ohio EPA permits.

Can I appeal this final Permit Renewal?

Yes, if you are an officer of an agency of the state or of a political subdivision, acting in a representative capacity, or any person who would be aggrieved or adversely affected by this Permit, you have the right to appeal this permit decision to the Environmental Review Appeals Commission (ERAC).

If I decide to appeal this final Permit Renewal, how and when must I make the appeal?

If you file an appeal, you must put it in writing no later than February 2, 2007. Your appeal must explain why you are appealing the action and the grounds you are using for your appeal. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. You must file your appeal, according to Ohio Revised Code § 3745.04 with ERAC at the following address: **Environmental Review Appeals Commission**, 309 South Fourth Street, Room 222, Columbus, Ohio 43215. You must send a copy of the appeal to the director of Ohio EPA at the following address no later than three (3) days after you file it with ERAC: **Joseph P. Koncelik, Director of Ohio EPA**, P.O. Box 1049, Columbus, Ohio 43216-1049.
