Notice of Final Rule-making

Notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Drinking and Ground Waters (DDAGW) adopted new rules in Chapter 3745-7 (Operator certification) of the Ohio Administrative Code (OAC). The new rules establish a program under which organizations can apply to become approved examination providers for water and wastewater operators wanting to become state-certified. The rules require the examination provider to conduct computerized examinations in multiple locations and multiple times per year.

DDAGW would continue to hold state-sponsored examinations twice per year and give operators the choice of whether they would like to take the computerized examination offered by the approved examination provider or the traditional state examination.

The Director of Environmental Protection, after considering public comment, adopted these rules in final form, pursuant to Section 6109.04 of the Ohio Revised Code. The Director's order of adoption was issued on December 21, 2012. The effective date of these new rules will be January 1, 2013 in accordance with Section 119.04(A) of the Revised Code.
