

PUBLIC NOTICE
Ohio EPA Finalizes Amended Decision Document
Green I Landfill Site, Logan, Ohio

On March 19, 2015, the Ohio Environmental Protection Agency (EPA) finalized an Amended Decision Document concerning the Green I Landfill located on Hunters Woods Road in Green Township, Hocking County, near the town of Logan, Ohio (Site).

The original Preferred Plan for remediation of the Site was issued by Ohio EPA on February 9, 2010 (2010 Preferred Plan), followed by a Decision Document dated November 22, 2010 (2010 Decision Document). The Goodyear Tire & Rubber Company (Goodyear) and the General Electric Corporation (GE) appealed the 2010 Decision Document to the Environmental Review and Appeals Commission (ERAC). Based on the review of available information, including the information provided by Goodyear on January 16, 2013, and on the Ohio EPA approval on July 2, 2012, of Goodyear's request for an exemption pursuant to Ohio Revised Code (ORC) 3734.02(G) to a number of landfill capping requirements, Ohio EPA has modified the selected remedial alternative included in the 2010 Decision Document.

The approximately 10½ acre Green I Landfill began operations in 1970 and ceased accepting waste in 1974. The landfill accepted household, commercial and industrial wastes. Based on the information identified during the remedial investigation and feasibility study, the preferred remedial alternative in the 2010 Decision Document for the Site included: the construction of a multi-layer cap; the installation of a leachate (*i.e.*, water that has come into contact with buried landfill wastes) collection system; dewatering and removal of sediments from an affected off-site pond; an environmental covenant establishing activity and use limitations for the Site property; and associated reporting.

Based on the July 2, 2012, exemption request and subsequent approval by the Agency, the selected remedial alternative in the 2010 Decision Document was modified to include a composite cap system involving an impermeable flexible membrane liner, passive gas venting, a clay layer consisting of existing soils at the Site, a drainage layer, and a protective layer and vegetative cover. Additionally, based on the receipt and evaluation of information provided by Goodyear and GE on January 16, 2013, the dewatering and removal of sediment from the off-site pond required in the 2010 Decision Document was determined to be unnecessary.

On December 31, 2013, Ohio EPA issued an Amended Preferred Plan outlining Ohio EPA's preferred modified alternative to remediate contamination at the Site. A public meeting was held February 12, 2014, during which public comments on the Amended Preferred Plan were accepted. In addition, written comments on the Amended Preferred Plan were accepted through February 21, 2014. The comments received by the Agency at the public meeting and during the comment period are addressed in the Responsiveness Summary included in the Amended Decision Document.

The effective date of this final action is March 19, 2015. You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review and Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Ohio Treasurer," which the Commission, in its discretion, may reduce if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review and Appeals Commission at the Environmental Review and Appeals Commission, 77 South High Street, 17th Floor, Columbus, Ohio 43215.

A copy of the Amended Decision Document has been provided to the Logan-Hocking Public Library located at 230 East Main Street in Logan, Ohio. The Amended Decision Document and related materials are available for review at Ohio EPA's Southeast District Office, located at 2195 Front Street in Logan, Ohio, by calling Angie Hardesty, Public Records Coordinator, at (740) 385-8501 for an appointment.

**BEFORE THE
OHIO ENVIRONMENTAL PROTECTION AGENCY
Public Notice
Proposed Rulemaking Governing
Section 401 Water Quality Certification Program**

Notice is hereby given that the Director of Environmental Protection, under the authority of Section 6111.03 of the Ohio Revised Code and in accordance with Chapter 119. of the Ohio Revised Code, proposes to adopt amendments to the following rule of the Ohio Administrative Code:

Rule #	Rule Title	Action
OAC Chapter 3745-32 Section 401 Water Quality Certification		
3745-32-05	Criteria for decision by director.	Amend

Proposed revisions include amendment to provide the director the ability to prohibit open lake disposal of dredged material from harbor or navigation maintenance activities in Lake Erie if the dredge material could result in higher levels of a chemical in fish that bioaccumulates throughout the food chain, such as PCBs, or if the disposal of dredge material would violate any international treaties or compacts. Minor formatting revisions and reference citations are also included.

The public comment period will run until **5:00 p.m. on May 5, 2015**. A public hearing on these proposed rule amendments will be held to consider public comments in accordance with Section 119.03 of the Ohio Revised Code. This hearing will be held in **Conference Room A at the Ohio EPA Central Office, 50 West Town Street, Suite 700, Columbus, Ohio at 10:30 a.m. on May 5, 2015**. All visitors to Ohio EPA must register at the Security desk in the lobby upon arrival. Please bring photo identification (such as a valid driver's license). For security reasons, visitors are required to wear their badge at all times while in the building. Please arrive early to complete these procedures.

To facilitate the scheduling of oral presentations, persons intending to give testimony at the hearing should notify the Ohio EPA Public Interest Center, P.O. Box 1049, Columbus, Ohio 43216-1049, (614) 644-2160. Prior registration will ensure that registrants are heard ahead of those individuals who register at the hearing. Oral testimony may be limited to five minutes, depending on the number of persons testifying. All interested persons are entitled to attend or be represented and to present oral and/or written comments concerning the proposed rule.

Written testimony should be sent to the attention of Rule Coordinator at the Ohio EPA Division of Surface Water, P.O. Box 1049, Columbus, Ohio 43216-1049. Written comments may also be submitted to the Hearing Officer at the public hearing. Written testimony will receive the same consideration as oral testimony. All testimony received at the hearing or by **5:00 p.m. on May 5, 2015**, will be considered by Ohio EPA prior to final action on this rulemaking. Written comments submitted after this date may be considered as time and circumstances permit.

The proposed rule and a fact sheet explaining the rule revisions are posted on the Ohio EPA website at www.epa.ohio.gov/dsw/dswrules.aspx. The proposed rule is also available on the Register of Ohio website at www.registerofohio.state.oh.us. If you are unable to access the websites or have questions about the proposed rule, contact Karl Gebhardt, Division of Surface Water, at (614) 644-2001 or karl.gebhardt@epa.ohio.gov.

Date of Public Notice: March 18, 2015

**PUBLIC NOTICE
NOTICE OF RECEIPT OF 401 APPLICATION**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) has received an application for, and has begun to consider whether to issue or deny, a Clean Water Act Section 401 water quality certification for a project to modify and reconstruct the I-475/US 23 and US 20 interchange. The application was submitted by the Ohio Department of Transportation. The project is located in Toledo in Lucas County. The Huntington District Corps of Engineers Public Notice Number for this project is 2013-00808-OTT. The Ohio EPA ID Number for this project is 134229.

As required by the Anti-degradation Rule, 3745-1-05, of the Ohio Administrative Code (OAC), three alternatives have been submitted for the project. The applicant's proposed preferred alternative, if approved, would impact 7.4 acres of two category 1 wetlands. The applicant's proposed minimal degradation alternative, if approved, would impact 6.9 acres of two category 1 wetlands. The applicant's proposed non-degradation alternative, if approved, would have no direct impacts on waters of the state.

Discharges from the activity, if approved, would result in degradation to, or lowering of, the water quality of two wetlands located north of Hill Ditch. Ohio EPA will review the application, and decide whether to grant or deny the application, in accordance with OAC Chapters 3745-1 and 3745-32. In accordance with OAC rule 3745-1-05, an anti-degradation review of the application will be conducted before deciding whether to allow a lowering of water quality. All three proposed alternatives will be considered during the review process. No exclusions or waivers, as outlined by OAC rule 3745-1-05, apply or may be granted.

Starting March 18, 2015, copies of the application and technical support information may be inspected on Ohio EPA-DSW website: www.epa.ohio.gov/dsw

Persons wishing to 1) be on Ohio EPA's interested parties mailing list for this project, 2) request a public hearing, or 3) submit written comments for Ohio EPA's consideration in reviewing the application should do so in writing to Ohio EPA-DSW, Attention: Permits Processing Unit, P.O. Box 1049, Columbus, Ohio 43216-1049 within thirty days of the date of this public notice.
